▶ *Economic development project* means a project authorized under the Kentucky Industrial Development Act (KIDA), the Kentucky Rural Economic Development Act (KREDA), the Kentucky Jobs Development Act (KJDA), the Kentucky Industrial Revitalization Act (KIRA), the Kentucky Economic Opportunity Zone (KEOZ), the Kentucky Reinvestment Act (KRA), the Kentucky Job Retention Act (KJRA), the Incentives for Energy Independence Act (IEIA), the Kentucky Business Investment Program (KBI), the Skills Training Investment Credit Act (STICA) or the Metropolitan College Consortium Tax Credit (MCC).

**INSTRUCTIONS—SCHEDULE IEIA**

The IEIA tax credit is applied against the corporation income tax imposed under KRS 141.040 *and/or* the limited liability entity tax (LLET) imposed under KRS 141.0401. The amount of tax credit against each tax can be different; however, for tracking purposes, the larger amount of credit used against either tax is the amount that is used for the tax year.

**PURPOSE OF SCHEDULE**—This schedule is used by a corporation which has entered into a financing agreement or a tax incentive agreement for an Incentives for Energy Independence Act (IEIA) project to determine the credit allowed against the Kentucky corporation income tax and LLET attributable to the project in accordance with KRS 141.421.

**GENERAL INSTRUCTIONS****Part I—Computation of LLET Excluding IEIA Project**

**Line 2**—Using Schedule LLET, create a new Schedule LLET to compute the LLET of the IEIA project using only the Kentucky gross receipts and Kentucky gross profits of the project. Enter “IEIA” at the top center of the Schedule LLET and attach it to the tax return.

**Part II—Computation of Taxable Net Income Excluding Net Income from IEIA Project and IEIA Tax Credit****Section B**

**Line 2**—Enter net income from IEIA project. If the corporation’s only operation in Kentucky is the IEIA project, the amount entered on Line 1 must be entered on Line 2.

See form for computation.

**Part III—Limitation**

Calculate IEIA tax credit based on the corporation’s tax liability, tax liability attributable to IEIA project and credit limitation from Schedule IEIA-T. Enter credit on Schedule TCS, Part I, Column E and Column F.

A corporation with more than one economic development project must separately compute the tax credit derived from each project. Complete an applicable tax computation schedule (Schedule KREDA, Schedule KIDA, Schedule KJDA, Schedule KIRA, Schedule KEOZ, Schedule KRA, Schedule KJRA, Schedule IEIA or Schedule KBI) for each project. Approved companies for the Skills Training Investment Credit Act (STICA) or the Metropolitan College Consortium Tax Credit (MCC) must attach a copy of the final resolution received from the Bluegrass State Skills Corporation.

**Alternative Methods**—In accordance with KRS 141.421(7), if the approved company can show that the nature of the operations and activities of the approved company are such that it is not practical to use separate accounting to determine net income, Kentucky gross receipts or Kentucky gross profits from the facility at which the project is located, the approved company shall determine net income, Kentucky gross receipts or Kentucky gross profits attributable to the project using an alternative method approved by the Department of Revenue. Thus, if any method other than separate accounting is used, **a copy of the letter from the Department of Revenue approving the alternative method must be attached to this schedule.**
