INSTRUCTIONS FOR FILING ESTIMATED TAX VOUCHERS

WHAT'S NEW FOR 2013—The standard deduction will increase to **\$2,360.00** for 2013.

WHO MUST MAKE PAYMENTS—Individuals who can reasonably expect to have income of more than \$5,000 from which no Kentucky income tax will be withheld may be required to make estimated tax payments as required by KRS 141.300. Individuals who do not prepay at least 70 percent of their income tax liability for the year will be subject to a penalty for underpayment of estimated tax. The prepayments may be made through withholding, a credit forward from the previous year's income tax return or estimated tax payments. The worksheet on the reverse should be used to determine the amount which should be paid through estimated tax payments. If the amount of estimated tax for the year is \$500 or less, no payment is required.

WHEN TO PAY—Taxpayers may pay the full amount of estimated tax in one payment on the earliest applicable due date, or they may pay in installments. Installments for calendar year 2013 are due April 15, June 17, September 16, 2013, and January 15, 2014. Any credit from a 2012 income tax return should be applied to the amount owed before any payments are made. Installment payments should not be made until the amount of the credit has been used. A voucher should be filed only when a payment is required.

IF INCOME CHANGES—Due to changes in sources or amounts of income during the year, a taxpayer who is not required to pay estimated tax at the beginning of the year may be required to pay during the year. A taxpayer may also be required to recompute the estimated tax and to adjust the amount of the installments during the year as a result of changes in sources or amounts of income. Whenever the initial estimate is required or the change occurs, a taxpayer electing to pay in installments must pay the total amount of tax due in equal amounts on the remaining due dates.

Period When Estimate Required or Change Occurs	Due Date	Number of Equal Installments		
January 1–April 1	April 15, 2013	4		
April 2–June 1	June 17, 2013	3		
June 2–September 1	September 16, 201	3 2		
September 2–December 31*	January 15, 2014	1		

*If the change occurs after September 1, 2013, the voucher is not required if the 2013 Kentucky income tax return is filed and the tax shown to be due is paid on or before January 31, 2014.

Failure to make required estimated installments by the specified dates may result in interest due.

FISCAL YEAR FILERS—If you pay tax for a fiscal year instead of a calendar year, your due date is the 15th day of the fourth, sixth and ninth months of your fiscal year and the 15th day of the first month of the following fiscal year. **FAMILY SIZE TAX CREDIT**—The Family Size Tax Credit is based on modified gross income (MGI) and the size of the family. If your total MGI is \$30,657 or less you may qualify for Kentucky Family Size Tax Credit.

"Modified gross income" used to calculate the Family Size Tax Credit means the greater of:

Federal adjusted gross income adjusted to include interest income derived from municipal bonds (non-Kentucky) and lump-sum pension distributions not included in federal adjusted gross income;

or

Kentucky adjusted gross income adjusted to include lump-sum pension distributions not included in federal adjusted gross income.

PASS-THROUGH ENTITIES AND INDIVIDUAL OWNERS OF DISREGARDED SINGLE MEMBER LLCs—For taxable years beginning on or after January 1, 2007, all pass-through entities and individual owners of disregarded single member LLCs that file on Schedules C, E or F for federal income tax purposes will be treated the same for Kentucky income tax purposes as they are treated for federal income tax purposes except for the differences between Kentucky law and federal law. Individuals with income from pass-through entities or disregarded single member LLCs that file Schedule C, E or F for federal income tax purposes may be required to make individual estimated tax payments.

FARM INCOME—Taxpayers with income from farming are not required to make installment payments if they meet the following criteria: (1) two-thirds of gross income is from farming; and (2) the entire amount of estimated tax is paid on or before January 15, 2014; or (3) the 2013 income tax return is filed and total tax is paid on or before March 1, 2014.

PENALTY FOR UNDERPAYMENT—A penalty equal to 10 percent of any underpayment may be assessed. The underpayment is calculated by taking 70 percent of the amount on Form 740, Line 26 (income tax liability) and subtracting taxes prepaid through a credit forward, withholding, estimated tax payments and refundable credits. Minimum penalty is \$25.
