Section II

An S corporation which has all of its property and payroll within Kentucky does not make the computation in Section II and must enter 100 percent on each shareholder's Schedule K-1 (Form 720S), Item B(2). An S corporation which has property or payroll both within and without Kentucky must compute the percentage of its gross receipts from sales or services in Kentucky to its gross receipts from sales or services everywhere during the tax year and enter the percentage on each shareholder's Schedule K-1 (Form 720S), Item B(2).

The terms "sales" or "services" mean all gross receipts derived from transactions or activities in the ordinary and regular course of the S corporation's trade or business and which are includible in its gross income. Interest, dividends, royalties and gains or losses on the disposition of property acquired, held, owned or used in the **ordinary or regular course of the S corporation's business** are gross receipts used to determine the business ratio. Gross receipts of this kind are included in the Kentucky receipts portion (numerator) of the business ratio if the S corporation is domiciled in Kentucky or the source of such income is in Kentucky. If the S corporation is domiciled outside of Kentucky but the source of such income is in Kentucky, the gross receipts are in the numerator of the business ratio. The denominator of the business ratio is the total gross receipts in the ordinary or regular course of the S corporation's trade or business.

Gross receipts, for determining the business ratio, do not include in either the numerator or the denominator interest, dividends, royalties and gains or losses on the disposition of property held for **other than trade or business purposes.**

NOTE: The receipts reported on Lines 1 and 2 may not be the same as reported by an S corporation on Schedule A.
