

INSTRUCTIONS—SCHEDULE TCS

PURPOSE OF SCHEDULE

This schedule is to be used by **any corporation which has more than one economic development project and which has total allowable credits for the taxable year greater than the corporation's income tax liability** to reflect the amount of credit claimed for each project. *Economic development project* means a project authorized under the Kentucky Rural Economic Development Act (KREDA), the Kentucky Industrial Development Act (KIDA), the Kentucky Jobs Development Act (KJDA), the Kentucky Industrial Revitalization Act (KIRA), the Kentucky Economic Opportunity Zone (KEOZ) or the Skills Training Investment Credit Act (STICA).

GENERAL INSTRUCTIONS

The corporation must first complete an applicable tax credit computation schedule (Schedule KREDA, Schedule KIDA, Schedule KJDA, Schedule KIRA, Schedule KEOZ or Schedule STICA) for each project. If the total allowable credits from all projects exceeds the income tax liability reflected on Form 720, Part II, line 1, for the taxable year, the corporation must complete Schedule TCS to reflect the amount of credit claimed for the taxable year for each project.

IMPORTANT

There is no requirement to utilize the credits from the various projects in any particular order. The credit claimed for each project may be all or a portion of the allowable credit for that project, but the total amount of credits claimed may not exceed the corporation's income tax liability reflected on Form 720, Part II, line 1, for the taxable year.

LINE 1 INSTRUCTIONS

Complete a separate line for each project. Enter the appropriate information in Columns A, B and C and enter in Column D the allowable credit from the applicable tax credit computation schedule for each project. Enter in Column E the amount of the credit claimed for each project.
