**MEMORANDUM**

TO: All Public Service Companies

FROM: Brenda Major, Director  
Division of State Valuation

DATE: November 2003

SUBJECT: Enclosed Form 61A211 Public Service Company Schedule of Owned and/or Leased Motor Vehicles with Kentucky Situs as of the assessment date January 1, 2004

As defined in KRS 136.132, public service companies shall annually provide to the Kentucky Revenue Cabinet a list of motor vehicles and trailers operated, owned or leased and subject to registration in Kentucky. The Revenue Cabinet shall certify the property assessment of public service companies subject to local taxation and shall separately certify the amount of the assessment representing the valuation of motor vehicles and trailers. KRS 132.487(5) specifies that the property valuation administrator (PVA) in each county is responsible for motor vehicle tax records, which includes determining the assessment, tax status and the taxable situs of all motor vehicles. Since this task must be accomplished before you obtain year 2004 registrations, please submit your list of company owned and/or leased motor vehicles and trailers with Kentucky situs to the Revenue Cabinet Public Service Branch **on or before December 27, 2003**.

The vehicles you report should have regular type registrations where property taxes are payable to the county clerk in the county where the vehicle is customarily kept. If leased vehicles are reported *the public service company, as lessee, must be responsible for paying the motor vehicle property tax*. You may use the enclosed Form 61A211 or one similarly prepared; instructions for completing the schedule are provided on the back of this memorandum. Refer to item B and instructions for apportioned vehicles but *do not report apportioned vehicles on the enclosed Form 61A211*. The Department of Property Valuation, Motor Vehicle Branch will provide the apportioned vehicle property tax return at a later date to applicable taxpayers.

The county clerk, under the supervision of the Transportation Cabinet, maintains and updates the registration on all vehicles. Neither the PVA nor the Revenue Cabinet has the ability to correct ownership or address information. Thirty days prior to registration, individual vehicle registration notices will be mailed to the owner of record on the January 1 motor vehicle assessment date. The notice provides a reminder that the vehicle tax is due on or before registration renewal *and payable to the county clerk* (KRS 132.487, 134.805 and 134.810). The owner of record should review the notice before the tax and registration is due. If the owner of record or billing address is incorrect, contact the county clerk in the county where the vehicle is registered. Under the supervision of the Revenue Cabinet, each PVA will maintain and update the motor vehicle tax records in his county. If you believe that the vehicle value, tax status or taxable situs is incorrect, contact the local PVA in the county where the vehicle is registered.

The Revenue Cabinet shall certify the public service company's assessed value of locally taxed property. For motor vehicles and trailers registered in Kentucky, the Revenue Cabinet will adjust the public service company property assessment for tax year 2004 to reflect the certified value of registered vehicles in Kentucky that have been reported. The enclosed Form 61A211, provides the Revenue Cabinet with necessary data to perform this function which is the sole use of the form. Vehicles with *delinquent* tax liabilities will **not** be used in the adjustment of the public service company assessment and failure to provide the Revenue Cabinet with the vehicle listing will result in no adjustment for motor vehicle values.

Companies that have listed vehicles with the Revenue Cabinet in prior years should find an enclosed printout showing previously reported license plate numbers. The printout and instructions for editing it have been provided to assist you and the Revenue Cabinet with the annual report and district updating of your vehicles. If a printout is not enclosed, complete the enclosed Form 61A211 as indicated in the instructions on the back of this memorandum. **If your company does not own or lease motor vehicles with situs in Kentucky, apply your comment to the Form 61A211, complete item B and return it to this office.**
