★★★ IMPORTANT MESSAGE TO TAXPAYER ★★

HB 562, enacted by the 2006 General Assembly, created a new statute that centralizes the assessment, billing, collection and distribution of property taxes on all commercial watercraft. Also, it simplified the allocation of local property taxes by using a standardized procedure and providing a 10 year hold harmless clause for local governments to prevent any revenue loss due to the change.

House Bill 562 expanded the legislation enacted in 2005 under HB 350. HB 350 created a new statute that centralized the assessment, billing, collection and distribution of local property taxes on commercial watercraft. The 2006 changes, effective for tax years on or after January 1, 2008, removed barge lines from the provisions of KRS 136.120, nonresident watercraft under KRS 136.181 and locally assessed commercial watercraft under the provisions of KRS 136.1801 through 136.1806. The 2006 legislation simplified the allocation of local property taxes by using a standardized procedure and providing a 10 year hold harmless clause to prevent any revenue loss for local governments due to the change. Kentucky based taxpayers owning commercial watercraft must now file such property on the Commercial Watercraft Property Tax Return (Revenue Form 61A207). Tangible property other than the fleet of commercial watercraft must still be listed on the Tangible Personal Property Tax Return (Revenue 62A500) and be filed locally with the Property Valuation Administrator in the county of situs. Also, effective January 1, 2008, real property of barge lines formerly assessed under KRS 136.120 must be reported locally to the Property Valuation Administrator in the county of situs. (HB 562, 2006)

KENTUCKY REVISED STATUTES

136.1801 Definitions for KRS 136.1801 and 136.806. (Effective January 1, 2008)

As used in KRS 136.1801 to 136.1806:

- "Corporation" means any corporation, company, association, partnership, limited liability company, limited liability partnership, other business association, or person operating any watercraft for commercial purposes in the Commonwealth;
- (2) "Watercraft" means any boat, towboat, pushboat, barge or similar vessel. Watercraft shall not include:
 - (a) Floating equipment used in construction, including but not limited to dredges, pile drivers, and flats;
 - (b) Houseboats;
 - (c) Fishing boats;
 - (d) Pleasure boats; or
 - (e) Commercial dining boats;
- (3) "Department" means the Department of Revenue;
- (4) "Operating" or "operated means owned, leased, rented, or used:
- (5) "Local taxing district" means a local taxing jurisdiction or district, including a county, city, charter county, school district, consolidated local government, urban-county government, and special taxing district, which has a navigable waterway within its borders; and
- (6) "Navigable waterway" means and shall include the following:
 - (a) All of the Mississippi River within or bordering this state;
 - (b) All of the Ohio River within or bordering this state;
 - (c) The Kentucky River beginning at Ohio River mile marker 545.8 and ending at Kentucky and ending at Kentucky River mile marker 76;
 - (d) The Green River beginning at Ohio River mile marker 784.4 and ending at Green River mile marker 143;
 - (e) The Tennessee River beginning at Ohio River mile marker 934.5 and ending at Tennessee River mile marker 62.4;
 - (f) The Cumberland River beginning at Ohio River mile marker 920.5 and ending at the Cumberland River mile marker 74.7;
 - (g) The Big Sandy River beginning at Ohio River mile marker 317.2 and ending at the Big Sandy River mile marker 14.2;
 - (h) The Licking River beginning at Ohio River mile marker 470.2 and ending at the Licking River mile marker 8; and
 - Any other waterway in this state utilized by a corporation for transporation of watercraft during the previous calendar year.

136.1802 Watercraft assessment and taxation — Allocation of tax receipts — Value determination. (Effective January 1, 2008)

- (1) Notwithstanding KRS 132.486, the watercraft of any corporation operating within this state, or partly within this state and partly within another state, shall be assessed by the department as of January 1 each year.
- (2) The department shall have the sole power to value and assess all the corporation's watercraft;
- (3) The department shall bill and collect all ad valorem taxes on watercraft and shall divide, allocate, and distribute the tax receipts as provided in KRS 136.1804 to each local taxing district within this state.
- (4) The value of the corporation's watercraft shall be apportioned to this state by multiplying the assessed value by a fraction, the numerator of which shall include:
 - (a) Ninety percent (90%) of the length of the corporation's Ohio River route that borders Kentucky;
 - (b) Fifty percent (50%) of the length of the Mississippi River route that borders Kentucky;
 - (c) Fifty percent (50%) of the length of the Big Sandy River route that borders Kentucky; and
 - (d) One hundred percent (100%) of the length of all other navigable waterways within Kentucky;

and the denominator of which shall include the length of all waterway routes traveled in all states by the corporation during the previous calendar year.

136.1803 Description of watercraft operated during previous calendar year. (Effective January 1, 2008)

On or before May 15, 2008, and each year thereafter, each corporation operating watercraft within this state during the previous calendar year shall file on forms prescribed by the department, a detailed description of all watercraft it operated as of January 1 of the current year.

136.1804 Notification of assessed value of watercraft — Protest — Tax rates — Distribution of tax receipts — Administrative fee. (Effective January 1, 2008)

- (1) The department shall notify the corporation of the assessed value of its watercraft by July 1 of each year. The corporation shall have forty-five (45) days from the date of the department's notice of assessment to protest as provided by KRS 131.110.
- (2) No appeal shall delay the collection of payment of taxes based upon the assessment in controversy. The corporation shall pay to the department all state and local taxing district taxes due on the undisputed value of its watercraft as stated

in the protest filed under KRS 131.110. When the valuation is finally determined upon appeal, the corporation shall be billed for any additional tax and interest at the tax interest rate as defined in KRS 131.010(6) from the date the tax would have become due if the assessment had not been appealed. The provisions of KRS 134.390 shall apply to the tax bill.

- (3) The state and local taxing district taxes on the watercraft are due forty-five (45) days from the date of notice of assessment. The tangible property taxes on watercraft shall be collected in accordance with the provisions of KRS 134.020.
- (4) The state rate of taxation on watercraft shall be forty-five cents (\$0.45) upon each one hundred dollars (\$100) of assessed value of the watercraft.
- (5) The department shall annually calculate an aggregate local rate, which shall be imposed upon each one hundred (\$100) of assessed value of the watercraft.
 - (a) The aggregate local rate shall be the sum of each local personal property tax rate for each local taxing district multiplied by a fraction, the numerator of which shall be the length of the navigable waterways in the local taxing district and the denominator of which shall be the total of the length of all navigable waterways in this state. Both the numerator and denominator shall be adjusted, if necessary, by paragraph (b) of this subsection.
 - (b) For purposes of computing the local property tax rate in paragraph (a) of this section, the length of the navigable waterways of the Green River shall be reduced by fifty percent (50%) and the length of the navigable waterways of the Kentucky River shall be reduced by seventy-five percent (75%).
- (6) The watercraft taxes collected for local taxing districts by the department shall be distributed to each local taxing district based upon the local taxing district's fractional portion of the amount calculated in subsection (5) of this section.
- (7) Prior to distribution of taxes to local taxing districts, the department shall retain an administrative fee of one percent (1%) of the amount due each district. The fee imposed by this subsection shall have no effect upon the discount provided to taxpayers pursuant to KRS 134.020(2).

136.1805 Base collections. (Effective January 1, 2008)

- As used in this section, "base collections" means actual collections received from property taxes assessed on watercraft for the 2007 calendar year. It shall not include collections for assessments for any other year.
- (2) The department shall determine for each local taxing district the amount of the base collection.
- (3) If a local taxing district's base collections are greater than the taxes distributed to it under KRS 136.1804 for any year from 2008 to 2017, that local taxing district shall receive a distribution from the general fund equal to the difference.

136.1806 Taxes levied under KRS 136.1801 to 136.1806 not exclusive. (Effective January 1, 2008)

The taxes levied by KRS 136.1801 to KRS 136.1806 are taxes on the watercraft only. The taxes levied by KRS 136.1801 to KRS 1806 shall be in addition to any other taxes levied by the state or local jurisdictions on any corporation.

The Kentucky Department of Revenue Mission Statement

As part of the Finance and Administration Cabinet, the mission of the Kentucky Department of Revenue is to administer tax laws, collect revenue, and provide services in a fair, courteous, and efficient manner for the benefit of the Commonwealth and its citizens.

The Kentucky Department of Revenue does not discriminate on the basis of race, color, national origin, sex, religion, age or disability in employment or the provision of services.

INSTRUCTIONS FOR FILING COMMERCIAL WATERCRAFT PERSONAL PROPERTY TAX RETURN

INTRODUCTION

This tax return has been designed for commercial watercraft entities who are required by KRS 136.1801 through KRS 136.1806 to file a Kentucky personal property tax return. It contains the necessary returns, schedules and instructions for this purpose.

WHO MUST FILE (KRS 136.1802)

In accordance with state law, the Department of Revenue has the authority to assess boats, tugs, barges, ferry and other commercial watercraft of any corporation, company, association, partnership, limited liability company, limited liability partnership, other business association, or person operating any watercraft for commercial purposes in the Commonwealth. All watercraft of any corporation operating within this state, or partly within other states, shall be assessed by the Department as of January 1 each year.

ASSESSMENT DATE (KRS 136.1802)

The assessment date for all tangible personal property in the Commonwealth of Kentucky is January 1.

WHAT IS ASSESSED (KRS 136.1802 and KRS 136.1803)

The Department shall have the sole power to value and assess **all** of the corporation's watercraft.

On or after May 15, 2008, and each year thereafter, each corporation operating watercraft within this state during the previous calendar year shall file on forms prescribed by the department, a detailed description of <u>all</u> watercraft it operated as of January 1 of the current year.

WHEN TO FILE

Taxpayers must file on or before May 15. If May 15 falls on a weekend, the return is due the first business day following May 15.

FILING EXTENSIONS

There is no statutory provision for filing extensions for personal property tax returns.

WHERE TO FILE

All tax returns must be mailed to the following address:

Kentucky Department of Revenue Office of Property Valuation Public Service Branch, Station 32, 4th Floor 501 High Street Frankfort, KY 40620

GENERAL FILING REQUIREMENTS

To properly report, note the following:

- The return and all supporting schedules must be included when filing the tax return, if not, the return will not be accepted as timely filed. Failure to properly complete all schedules when filing this return will result in the return being considered late and subject to penalties and interest.
- The taxpayer must complete the return and all supporting schedules based on the Department of Revenue's design.
 All required data fields must be completed or the return will be considered late and subject to penalties and interest.
- Vessels and equipment written off accounting records, but still physically on hand and/or in use, must be included on Schedule A, B and C.
- Temporary idleness is not sufficient cause for exclusion from reporting on this tax return. This includes vessel idleness attributed to seasonal operation or from repair or overhaul of the equipment.
- Special cargo handling equipment or similar equipment added to your vessels must be included in the original cost of improvements.
- When vessel assets are restated/revalued due to a merger, IRC Section 338 write-up/write-down or other qualified event, taxpayers are required to list the property asset value as Age 1 following the year of revaluation. The cost reported should be the restated/revalued cost. The Department of Revenue requires that in completing this tax form and its accompanying schedules that you list the restated/revalued assets at their restated/revalued value and that their acquisition date be listed as the year that their value was restate/revalued. DO NOT use historical acquisition dates to report these restated/revalued assets.
- Capitalized costs of major improvements and rebuilds must be reported in the year in which they occur.
- Tangible property other than commercial watercraft must be listed on Revenue Form 62A500, Tangible Personal Property Tax Return, and filed locally with the Property Valuation Administrator in the Kentucky county of situs.
- Real property owned and sitused in Kentucky must be reported locally to the Property Valuation Administrator in the county of location.
- Sign and date your return. Also enter the appropriate telephone numbers!

PENALTIES—LATE FILING, OMITTED FILING AND NONCOMPLIANCE (KRS 136.183, KRS 136.990, KRS 132.290(4), KRS 134.020, KRS 134.390)

Any taxpayer failing to timely complete, file and deliver the required tax return and accompanying schedules on or before May 15 of each year, shall pay a minimum penalty of 10 percent of the total taxes due. If any taxpayer fails to report as required, the Office of Property Valuation shall ascertain the required facts and determine the assessment values in such a manner and by such means as it deems proper. The penalty for such failure to file is 20 percent of the total taxes due.

Furthermore, any taxpayer, or officer thereof, that willfully fails or refuses to make, file and deliver reports as required by KRS 136.1801 to 136.1806 shall be fined \$1,000, and \$50 for each day the reports are not made after May 15 of each tax year. In addition, civil action may be brought to compel the company or officer thereof to make the required reports.

NOTIFICATION OF THE ASSESSMENT (KRS 136.1804)

Each year the Department of Revenue, Office of Property Valuation, shall determine the assessed value of the commercial watercraft and notify the owner by mail of the assessment amount. The assessment notice shall be accompanied by the notice of tax due. The notice of tax due shall include all state, county, school, city and other special taxes. The notice of assessment and the notice of tax due shall be final, due and payable 45 days from the notice date.

WHERE TO PROTEST

All protests must be mailed to the following address:

Finance and Administration Cabinet
Division of Protest Resolution
Office of Legal Services for Revenue
Property Tax Resolution/Public Service Section
PO Box 3
Frankfort KY 40602-0003

PROTESTING YOUR ASSESSMENT (KRS 136.1804 and KRS 131.110)

The assessment shall be final if not protested in writing to the Division of Protest Resolution, Office of Legal Services for Revenue, within 45 days from the date of the notice of assessment or the assessment will become final and the state and local taxes will be due. Such protest shall be accompanied by a supporting written statement setting forth the grounds upon which the protest is made. The supporting statement must set forth whether the protest is based on a factual disagreement and/or disagreement in the interpretation of the applicable statutes. If there are disputed factual issues, the taxpayer must provide financial statements, records, assessments or other documents which will allow the Division of Protest Resolution some basis for reconsideration. Further, the statement must clearly identify the specific portion(s) of the assessment to which the protest relates.

No appeal shall delay the collection or payment of taxes based upon the assessment in controversy. The taxpayer shall pay all state, county and other local jurisdictional taxes due on the valuation which the taxpayer claims as the true value as stated in the protest filed under KRS 131.110. Once the appeal is finalized and the valuation finally determined, the taxpayer shall be billed for any additional tax and interest (at the rate as defined in KRS 131.010(6)) from the date the tax would have become due if no appeal had been taken. The provisions of KRS 134.390 shall apply to the tax bill.

Any unprotested portion (your claimed value) of the assessment becomes final at the end of the 45-day protest period. If you protest your assessment, payment of your state and local tax on the claimed value is due with your protest letter. Your protest letter must clearly and logically identify how your claimed valuation was determined and it must specify the value which you claim to be the true value of the Kentucky property. The statement of claimed value must also include (1) the vessel cost values, (2) the factored cost values, (3) the Kentucky and system waterways traveled, (4) the Kentucky allocation factor, (5) the Kentucky allocated (claimed) value, and (6) the state and local tax calculation.

After a timely protest has been filed, the taxpayer **may** request a conference with the Division of Protest Resolution. The taxpayer may appear in person or by representative. All taxpayers represented by attorney or tax agent must file a power of attorney with the Division of Protest Resolution. Further conferences may be held by mutual agreement. Consideration is given to additional information presented by the taxpayer at the conference.

If the taxpayer's protest of an assessment or refund denial cannot be resolved through correspondence and/or conferences, the Division of Protest Resolution shall issue a written final ruling on any matter still in controversy to be mailed to the taxpayer. The ruling shall state that it is a final ruling of the department, the issues of controversy, the taxpayer's position, the department's position and the procedure for prosecuting an appeal to the Kentucky Board of Tax Appeals (KBTA).

The taxpayer may request a final ruling from the Division of Protest Resolution at any time after filing a timely protest. When it is requested, the department shall issue such ruling within 30 days from the date the request is received.

After the final ruling has been issued, the taxpayer may appeal to the KBTA.

KENTUCKY BOARD OF TAX APPEALS (KRS 131.340— KRS 131.370, KRS 136.050, 103 KAR 1:010)

If a taxpayer desires to appeal a final ruling of the Division of Protest Resolution, the taxpayer must apply for a hearing before the KBTA within 30 days from the date of issuance of the final ruling.

The appeal must be filed in quintuplicate; contain a brief statement of the law and the facts in issue; contain the petitioner's

position regarding the law, facts or both; and must contain the petitioner's position regarding the Division of Protest Resolution. The board will set a date for a formal hearing and notify the taxpayer.

On the basis of the hearing, briefs and other documents, the board will issue a written order which will affirm, reverse, modify or remand the final ruling, and will forward a copy of the order to the taxpayer, Division of Protest Resolution and the Department of Revenue.

Assessments upheld by the board shall be due and payable 30 days after the date of the board's order. All taxes (state, county, school, city and other special taxing jurisdictions) found to be due on any protested assessment or portion thereof shall begin to bear interest at the appropriate rate per annum on the 61st day after the KBTA acknowledges receipt of the protest, but in no event shall interest begin to accrue prior to January 1 following April 30 of the year in which the returns, schedules and regulatory reports are due.

Any party aggrieved by a final order of the KBTA may, within 30 days after such order becomes final, file an appeal with the Franklin Circuit Court or the circuit court of the county in which the aggrieved party resides or conducts his place of business.

PAYMENT OF TAX (KRS 136.1804, KRS 134.020, and KRS 131.110)

All taxes assessed against any taxpayer under the provisions of KRS 136.1801 to KRS 136.1806 shall be due and payable 45 days from the date of the notice of assessment, unless protested. The taxes are payable to the "Kentucky State Treasurer."

All state, county, school, city and other special taxes shall be billed, collected and distributed by the Department of Revenue.

AMENDED RETURNS

Adjustments to assessments will only be considered if amended data is supplied before the protest period expires or as part of the supporting documentation included with a protest.

To amend any portion of the return, submit a new schedule with "AMENDED," the date submitted and a signature and title of the person filing the amendment written on each page of the amended schedule or on a cover page.

VESSEL CATEGORY REFERENCE LIST

Listed below are the VTCC (Vessel Type, Construction and Characteristic) codes and descriptions for selected watercraft. Please use these descriptions when completing Schedules A, B and C.

SELF PROPELLED VESSELS

- 2 Crewboat/Supply/Utility Vessel
- 3 General Cargo Freighter
- 4 Break Bulk/RO-RO Carrier
- 5 RO-RO Vessel
- 6 Bulk Carrier
- 7 Containership
- 8 Partial Containership
- 9 Container/Vehicle/Trailer (RO-RO) Carrier
- 10 Vehicle Carrier
- 11 Passenger Carrier
- 12 Combination Passenger & Cargo
- 13 Ferry
- 14 Railroad Car Ferry
- 15 Lash Ferry
- 16 Excursion/Sightseeing Vessel
- 20 Petroleum/Chemical Carrier
- 21 Chemical Carrier
- 22 Liquid Bulk Tanker
- 23 Liquid Gas Carrier
- 24 Other Tanker
- 35 Push Boat
- 36 Tugboat

NON SELF PROPELLED VESSELS

- 40 Open Hopper Barge
- 41 Covered Hopper Barge
- 42 Carfloat (Railroad Car Barge)
- 43 Flat/Deck Barge
- 44 Pontoon Barge
- 47 Open Dry Cargo Barge
- 48 Covered Dry Cargo Barge
- 49 RO-RO Barge
- 50 Container Barge
- 52 Lash/Seabee Barge
- 70 Liquid Cargo Barge (Single Hull)
- 71 Liquid Cargo Barge (Double Hull)
- 72 Liquid Cargo Barge (Double Sided Only)
- 73 Liquid Cargo Barge (Double Bottom Only)
- 74 Other Liquid Cargo Barge, Not elsewhere included
- 75 Non-Self Propelled Tanker
- 90 Convertible Barge

AS OF JANUARY 1, 2008

Provided below are the navigable waterways of Kentucky. Important mile points have been provided for each waterway. For the Green, Big Sandy, Kentucky, Licking, Cumberland and Tennessee rivers, the figures (mile marks) designate mileage above the confluence with the Ohio River. The last mile mark listed is either a) the maximum point of travel for the designated waterway upriver or b) the point representing the border of Kentucky.

LICKING RIVER	MILE MARKS
Mouth @ Ohio River MM 470.2	MM 0.0
City of Newport, KY	MM 0.0 to 1.3
City of Covington, KY	MM 0.0 to 4.8

Schedules A, B and C are available in an excel format at the Department of Revenue Web site:

www.revenue.ky.gov

VALUATION WORKSHEET AS OF JANUARY 1, 2008

Name of Taxpayer

Commonwealth of Kentucky DEPARTMENT OF REVENUE 61A207(D) (11-07)

INSTRUCTIONS

The original cost, the cost of rebuilds and the cost of major improvements of all owned and non-owned vessels must be entered on this schedule and aggregated by age and multiplied by the appropriate factor to arrive at the Assessed Value. The totals of the 'Original Cost,' 'Cost of Rebuilds' and 'Cost of Improvements' columns must equal the amounts listed on

	Value

SYSTEM

AS OF JANUARY 1, 2008

Determine the furthest distance between the beginning and ending points traveled on any waterway for any trip. Measure the one way distance between those points. This is your Examine all through trips performed in domestic commerce or related commercial activity on any waterway within the United States territory during the calendar year of 2007. 'System Route Miles Per Waterway'. Be sure to include your Kentucky waterways in this chart.

You are required to provide a detailed river map that illustrates your actual system route traveled during the calendar year of 2007.

Enter your total system route miles for all waterways.

TERMINOLOGY

Bareboat Charter: an arrangement for the hiring of a vessel, whereby no crew or provisions are included as party of the

agreement. The owner of the vessel gives possession of the ship to the charterer.

Capacity Tons: the full load cargo capacity of the vessel in short tons (2,000 lbs.)

Cargo Handling Equipment: permanent fixtures on the vessel, such as cranes, derricks, hoists, pumps, etc.

Coast Guard Number: the official number assigned to a particular vessel by the U.S. Coast Guard at the time of registration.

This number is normally retained by a vessel throughout the life of the vessel.

Domestic Commerce: Vessel and commodity movements performed within the contiguous and non-contiguous states and

territories of the United States. This includes Puerto Rico, Virgin Islands, Guam, American Samoa

Wake Island, the U.S. Trust territories and the 48 contiguous states.

Domestic Traffic: Coastwise: Domestic traffic receiving a carriage over the ocean, or the Gulf of Mexico, (e.g., New

Orleans to Baltimore, New York to Puerto Rico, San Francisco to Hawaii, Alaska to Hawaii). Traffic between Great Lakes ports and seacoast ports, when having a carriage over the ocean, is also termed

Coastwise.

Lakewise: Waterborne traffic between the United States ports on the Great Lakes System. The Great Lakes System is treated as a separate waterway system rather than as a part of the inland waterway system. In comparing historical data for the Great Lakes System, one should note that prior to calendar year 1990, marine products, and sand and gravel being moved from the Great Lakes to Great Lake destinations were classified as local traffic. From 1990 on, these activities are classified as lakewise

traffic.

Internal: Vessel movements (origin and destination) which takes place solely on inland waterways. An inland waterway is one geographically located within the boundaries of the contiguous 48 states

or within the boundaries of the State of Alaska.

The term "internal traffic" is also applied to these vessel movements: those which involve carriage on both inland waterways and the Great Lakes; those occurring between offshore areas and inland waterways (e.g., oil rig supplies and fish); and those taking place within Delaware Bay, Chesapeake Bay, Puget Sound, and the San Francisco Bay, which are considered internal bodies of water rather

than arms of the ocean.

Foreign Traffic: <u>Inbound</u>—Includes waterborne imports and inbound in-transit merchandise.

Imports

Overseas: Inbound merchandise originating in foreign countries other than Canada and arriving by marine vessel for direct U.S. consumption and entries into custom bonded storage and manufacturing

warehouses.

Canadian: Inbound merchandise originating in Canada and arriving by marine vessel for direct U.S.

consumption and entries into custom bonded storage and manufacturing warehouses.

Inbound In-transits: Merchandise coming into the United States by marine vessel from a foreign country and shipped to a foreign country without having been entered as an import. In-transit

merchandise is treated as inbound when unloaded from a marine vessel.

Foreign Traffic:

Outbound—Includes waterborne exports and outbound in-transit merchandise.

Exports

Overseas: Outbound domestic merchandise and re-export of foreign merchandise from a U.S. foreign trade zone shipped by marine vessel to foreign countries other than Canada.

Canadian: Outbound domestic merchandise and re-export of foreign merchandise from a U.S. foreign trade zone shipped by marine vessel to Canada.

Outbound In-transits: Merchandise coming into the United States from a foreign country and shipped by marine vessel to a foreign country without having been entered as an import. In-transit merchandise is treated as outbound when loaded onto a marine vessel.

Net Tonnage:

the volume of space available for the accommodation of passengers and the stowage of cargo, expressed in units of 100 cubic feet for each net ton.

Rebuilt:

the rebuilt status is a vessel modification or significant improvement that extends the working life of the vessel.

Route Mile:

the one-way directional waterway mileage over which a vessel(s) traversed in domestic commercial service upon one or more waterways. Route miles are a measure of the route path over a waterway in which a vessel traversed. Route miles are computed with regard to direction, but without regard to frequency of travel.

Through:

movements transiting a waterway (loaded or unloaded), or stretch thereof.

Ton Miles:

water carriage ton-miles domestic or foreign are calculated by multiplying the tons of commerce being moved by the number of miles actually moved on the waterway or channel. The ton-mile parameter measures the total activity on a waterway or channel. Example, 50 short tons moving 200 miles on a particular waterway would yield 10,000 ton-miles for that waterway.

Tons:

weight measurement equal to 2,000 lbs.

Trans-shipments:

ports and offshore anchorages where cargo is moved from one vessel to another.

Trip:

a trip is a vessel movement between every point of departure and every point of arrival.

Trip Ton-Miles:

trip ton-miles is a measure of a single waterway's contribution to the whole waterway system. Trip ton-miles are computed by identifying every commercial cargo-carrying vessel that has piled a particular inland waterway and summing the products of the tons times the total trip-miles for each vessel trip. "Trip-miles" is the total distance from origin (loading) to destination (unloading). Example, a barge carrying 1,200 tons of wheat might travel 30 miles on the Cumberland River but its total trip to New Orleans might be 1,000 miles. This trip would contribute 1,200,000 trip ton-miles to the Cumberland River.

Vessel Operating Base:

the city or locality of the operating headquarters of the vessel.

Year Built:

the calendar year the vessel was built.
