assure proper credit. Overpayments of one tax resulting from declaration payments may be credited against a liability due on another tax. To apply an overpayment, an insurer must include the overpayment with the declaration payments of one of the other tax liabilities, indicating the source. **Negative amounts shall appear as adjustments in each applicable section.** Net tax liability amounts are to be carried forward and recorded in Summary of Net Tax Due on page 1.

2. Life and Health Guaranty Fund assessments, class B and class C, may be used to offset your insurance premium tax liability to the extent of 20 percent per year for each of the five years following the year of the payment. (KRS 304.42-090 and KRS 304.42-130) Life and Health Guaranty Fund refunds, class B and class C, are to be used against your Life and Health Guaranty Fund credit to the extent of 20 percent per year for each of the five years following the year of payment. Complete the Life and Health Guaranty Fund Assessment Schedule on page 2. Life and Health Guaranty Fund Assessment credits shall not exceed net tax liability (Section I, line H; Section II, line J). 3. Kentucky Investment Fund Act Credit

The 2002 Kentucky General Assembly amended the Kentucky Investment Fund Act (KIFA) so that the KIFA tax credit may now be applied against the insurance premiums tax imposed on domestic and foreign **life insurance companies** by KRS 136.320 or KRS 136.330. Also, the credit may now be applied against the retaliatory tax and fees imposed by KRS 304.3-270. An insurance company subject to the taxes or fees imposed by KRS 136.320, KRS 136.330 or KRS 304.3-270 that makes a cash contribution to an investment fund approved by the Kentucky Economic Development Finance Authority (KEDFA) in accordance with KRS 154.20-250 to 154.20-284 is entitled to a nonrefundable credit equal to 40 percent of the investor's proportional ownership share of all qualified investments made by its investment fund and verified by the authority. To claim the credit a copy of the notification from KEDFA reflecting the amount of credit granted and the year in which the credit may first be claimed must be attached to the return.

The tax credit amount that may be claimed by an investor in any tax year shall not exceed 50 percent of the initial aggregate credit amount approved by the authority for the investment fund which would be proportionally available to the investor. Example: An investor with a 10 percent investment in a fund which has been approved for a total credit to all investors of \$400,000 would be limited to \$20,000 maximum credit in any given year ($$400,000 \times 10\% \times 50\%$).

If the amount of credit that may be claimed in any tax year exceeds the insurance company's tax liability, the excess credit may be carried forward, but the carry-forward of any excess tax credit shall not increase the limitation that may be claimed in any tax year. Any credit not used in 15 years, including the year in which the credit may first be claimed, shall be lost.

Information regarding the approval process for this credit may be obtained from the Cabinet for Economic Development, Department of Financial Incentives at (502) 564-7670.

- 4. All schedules, exhibits and itemized accounts required as supplements to this return shall be attached to, and shall become an integral part of, this return.

Box 517, Frankfort, Kentucky 40602-0517.
