

**LIMESTONE AND SAND & GRAVEL
PROPERTY TAX RETURN**

For Assessment as of January 1, _____

File by April 15 with:

Department of Revenue
Office of Property Valuation
Station 33
501 High Street
Frankfort, Kentucky 40601-2103
(502) 564-8334

Filer Name				County
Address				Social Security No.
City	State	ZIP Code	Telephone No. ()	FIN

Complete a separate form for each operation under your control. The area to be considered and valued is that containing the mineral reserves which are expected to be mined within the next fifteen (15) years. Include all owned and/or leased properties within this area.

1. Minerals mined at this location _____

2. Type of mining (underground, quarry, dredge, etc.) _____

3. Principal products from this operation _____

4. Production in the last three years

Year	Tons
_____	_____
_____	_____
_____	_____

5. Property owned

Map ID	Acres	Prior Year Production
Reserves (Tons)*		Estimated Taxpayer's Value
Begin Mining (Year)		End Mining (Year)

*As defined above.

6. Property leased

Provide the information requested below for **each mineral lease**. If more than one owner, attach a separate list with the name, current address and percentage of ownership of each owner in the lease.

Map ID	Acres	Prior Year Production
Owner	Percent Ownership	
Address		
Lease Date	Expiration Date	
Royalty Rate (\$/Ton)	Annual Minimum	
Begin Mining (Year)	End Mining (Year)	
Reserves (Tons)*	Estimated Taxpayer's Value	

Map ID	Acres	Prior Year Production
Owner	Percent Ownership	
Address		
Lease Date	Expiration Date	
Royalty Rate (\$/Ton)	Annual Minimum	
Begin Mining (Year)	End Mining (Year)	
Reserves (Tons)*	Estimated Taxpayer's Value	

Map ID	Acres	Prior Year Production
Owner	Percent Ownership	
Address		
Lease Date	Expiration Date	
Royalty Rate (\$/Ton)	Annual Minimum	
Begin Mining (Year)	End Mining (Year)	
Reserves (Tons)*	Estimated Taxpayer's Value	

*As defined above.

7. Provide a USGS topographic or planimetric map(s) at a scale of 1:24,000 (1" = 2000') outlining the following information:
- Boundary lines of properties owned and properties leased under your control. Identify each ownership.
 - The area already mined.
 - The boundary of the permitted area.

The map must have a legend/title block, which in addition to the filer's name, quad and county name, and tax year, clearly explains the symbols and colors used in outlining the requested information. Base maps may be purchased from the Kentucky Geological Survey, 228 Mining and Mineral Resources Building, Lexington, Kentucky, 40506-0107, (859) 257-5500.

8. Supply any additional information (specific or general) which would aid in the valuation or impact the value of these resources. Attach additional sheets if necessary.

VERIFICATION

Under penalties of perjury, I do solemnly swear or affirm that I have examined this report, including accompanying schedules, statements and maps, and to the best of my knowledge, information and belief, it is a true, correct and complete return. I acknowledge under these same conditions that any and all documentation supporting and/or requesting an assessment adjustment is incorporated by reference into this return and made a part hereof.

LIMESTONE AND SAND & GRAVEL

Dear Taxpayer:

Enclosed is the 2013 Limestone and Sand & Gravel Property Tax return for your use in reporting the status of these mineral properties as of January 1, 2013.

Please note that the return is due by April 15, 2013, and that you must report on all mineral reserves with a life of fifteen (15) years or less under your control by ownership or lease. Under Item 6, we need your most current names and addresses of owners in leases associated with a mining operation.

The form may be duplicated to satisfy your reporting needs. Operations which extend across county lines must be reported separately for the reserves within each county. If the map information requested in Item 7 did not change since your prior filing, you do not need to supply any maps with this return. **However, a complete return must be filed each year.**

If you need assistance in completing the return, please contact our office.
