FINAL RULING NO. 2014-24
June 17, 2014

Unmined Coal Ad Valorem Tax Assessment for January 1, 2013

FINAL RULING

The Kentucky Department of Revenue ("DOR") currently has an outstanding unmined coal ad valorem tax assessment issued to [redacted] ("the Taxpayer") totaling $[redacted] for 2013. Below is the value reflected by the assessment, pursuant to KRS 132.820.

At issue is whether DOR correctly assessed the fair cash value of the coal property in question. The Taxpayer protested the assessed amount, stating that the property was mined out and thus has no value.

The DOR originally sent a notice of assessment to the Taxpayer, which valued Parcel [redacted] at $[redacted]. The Taxpayer protested the assessment. After taking into account the valid points made by his protest, the DOR reduced the assessment value of the parcel to $[redacted]. However, the Taxpayer remains in disagreement with the remaining assessment.
The DOR and Taxpayer had a conference on [redacted], 2014. The DOR requested information in further support of the Taxpayer's position following the conference on [redacted], 2014 and on [redacted], 2014. The Taxpayer has not responded to those requests.

It is the DOR's position that the Taxpayer has not submitted any persuasive evidence that would establish or indicate that the assessment referred to above does not represent the fair cash value of the unmined coal reserves in question as of the January 1, 2013 assessment date. Based on the information available to DOR, the reserves that have been assessed consist of mineable and merchantable coal that is subject to ad valorem taxation and have been properly valued.

Unmined coal reserves are assessed by the DOR pursuant to KRS 132.820(1), which states, in part:

The department shall value and assess unmined coal, oil, and gas reserves, and any other mineral or energy resources which are owned, leased, or otherwise controlled separately from the surface real property at no more than fair market value in place, considering all relevant circumstances...

Ky. Const. § 172 states in part:

All property, not exempted from taxation by this Constitution, shall be assessed for taxation at its fair cash value, estimated at the price it would bring at a fair voluntary sale...

DOR's position is that the remaining assessment correctly and properly reflects the fair cash value of the unmined coal property or reserves in question as required by law. See KRS 132.820(1); Kentucky Constitution, Section 172. The assessment in question is presumed to be valid and it is the taxpayer’s burden to prove otherwise. Revenue Cabinet v. Gillig, 957 S.W.2d 206 (Ky. 1997); Walter G. Hougland & Sons v. McCracken County Board of Supervisors, 306 Ky. 234, 206 S.W.2d 951 (1947). Mineable and merchantable coal remains in Parcel [redacted]. This parcel contains [redacted] acres that is part of a larger block of coal. The Taxpayer has not provided proof establishing that this assessment is incorrect.

Therefore, the unmined coal ad valorem tax assessment is valid and correct and is hereby upheld.
This letter is the final ruling of the Kentucky Department of Revenue.
