New Tax Portal for Kentucky Business Taxes Coming Soon

The new Kentucky business tax portal is projected to launch on March 14, 2025. The new portal, MyTaxes, will make filing taxes more convenient. MyTaxes offers a more comprehensive view of taxpayer information and communications. Additionally, MyTaxes will offer increased self-service capabilities such as submitting a refund application, making payments, and requesting a letter of good standing.

If you are a current Kentucky business taxpayer, you will receive information and next steps in a separate email from the Department of Revenue in March. Current business taxpayers should log in to OneStop to print historical data and verify your email address and contact information to ensure you receive your login credentials and instructions.
