Electric Vehicle Power File Login Update

The Kentucky Department of Revenue is updating our Electric Vehicle Power (EVP) File login process to enhance security using multifactor authentication.

Beginning September 27, 2025, you will see a new screen when you log in to the EVP File application.

You will continue to use your current login credentials. However, after logging in, you will be required to change your password. Additionally, for future sign-ins, you will receive a verification code via your email address.

Existing MyTaxes Users can log in using their current MyTaxes credentials.

Thank you for your cooperation. This system upgrade will help protect user data and account information.
