Mailing Address		
	P.O. Box or Number and Street	City or Town County State ZIP Code

1. Check categories for which application is being made.

- (a) **AIR:** Any property designed, constructed or installed as a component part of any commercial or industrial premises for the primary purpose of eliminating or reducing the emission of, or ground level concentration of, particulate matter, dust, fumes, gas, mist, smoke, vapor, or odorous substances, or any combination thereof which renders air harmful or inimical to the health of persons or to property within this commonwealth;
- (b) **WATER:** Any disposal system or any treatment works, pretreatment works, appliance, equipment, machinery, or installation constructed, used, or placed in operation primarily for the purpose of reducing, controlling, or eliminating thermal pollution or water pollution caused by industrial waste, or what would be industrial waste, if discharged into the waters of the commonwealth;
- (c) **WASTE:** Any disposal system or any appliance, equipment, machinery, or installation constructed, used, or placed in operation primarily for disposing of waste, converting waste into an item of real economic value, or converting hazardous waste to nonhazardous waste;
- (d) **NOISE:** Any property designed, constructed, or installed as a component part of any commercial or industrial premises for the primary purpose of eliminating or reducing the emission of sound which is harmful or inimical to the health of persons or to property, or materially reduces the quality of the environment in this commonwealth;
- (e) **SUBSTANCE REMOVAL:** Any property designed, constructed, or installed for the primary purpose of removing substances from raw materials, which substance, if permitted to become a component part of the finished product, would have a deleterious effect on the environment when the finished product was utilized.

2. Nature of business:

3. Asset(s):

**APPLICATION
FOR
POLLUTION CONTROL
TAX EXEMPTION CERTIFICATE**

FOR OFFICIAL USE ONLY

The application must include the following in a separate attachment:

4. Provide detailed cost and age for each asset - include invoices or other cost related documentation.
5. Provide detailed plans and specifications of the structure or structures comprising the pollution control facility, including a detailed description of all materials incorporated into the pollution control facility. Provide copies of any existing blueprints, diagrams, sketches, or photographs of the pollution control facility. If it is possible to photograph the pollution control facility, provide a contemporaneous photograph of the structure or structures comprising the facility.
6. Provide a detailed description and explanation of how the pollution control facility:
 - a. Eliminates or reduces the emission of, or ground level concentration of, particulate matter, dust, fumes, gas, mist, smoke, vapor, or odorous substances, or any combination thereof which renders air harmful or inimical to the health of persons or to property within this Commonwealth;
 - b. Reduces, controls, or eliminates thermal pollution or water pollution caused by industrial waste, or what would be industrial waste, if discharged into the waters of the Commonwealth;
 - c. Disposes of waste, converts waste into an item of real economic value or converts hazardous waste to nonhazardous waste;
 - d. Eliminates or reduces the emission of sound which is harmful or inimical to the health of persons or to property, or materially reduces the quality of the environment in this Commonwealth; or
 - e. Removes substances from raw materials, which substances, if permitted to become a component part of the finished product, would have a deleterious effect on the environment when the finished product was utilized.

The above statements are hereby certified to be correct to the best knowledge and belief of the undersigned who is duly authorized to sign this application.
