WILLIAM M. LANDRUM III
SECRETARY

DANIEL BORK
COMMISSIONER

62A384-L(L) (1-19)

December 19, 2018

To Whom It May Concern:

Please note that this form has had some minor modifications for 2019.

Enclosed is the 2019 Limestone and Sand & Gravel Property Tax Return Revenue form 62A384-L for your use in reporting the status of these mineral properties as of January 1, 2019.

The tax forms can also be obtained in a pdf format at the website listed below. They are listed under the Unmined Minerals Forms section: <http://revenue.ky.gov/Get-Help/Pages/Forms.aspx>.

Please note that the return is due by April 15, 2019 and that you must report on all mineral reserves with a life of fifteen (15) years or less under your control by ownership or lease. Under Item 6, we need your most current names and addresses of owners in leases associated with a mining operation.

The form may be duplicated to satisfy your reporting needs. Operations which extend across county lines must be reported separately for the reserves within each county. If the map information requested in Item 7 did not change since your prior filing, you do not need to supply any maps with this return. **However, a complete return must be filed each year.**

Any and all information received by the Department of Revenue under this filing will be kept confidential and protected under KRS 131.190.

If you have any questions regarding this request, please contact the Office of Property Valuation at the following address.
