Amnesty *Was* the Answer

A Message from Secretary Dana Bynum Mayton

The 2002 Kentucky Tax Amnesty Program turned out to be “the answer” for both the Commonwealth and the taxpayers. More than 23,000 taxpayers participated in the program and paid over \$120 million in taxes. Included in the \$120 million that was paid during the amnesty period were monies that would have normally been collected during the fiscal year but were accelerated due to the amnesty program. The Revenue Cabinet has determined that approximately \$80 million would have normally been paid during the fiscal year and that tax amnesty netted approximately \$40 million in new and accelerated money after program expenses. Approximately 19,800 tax returns and more than 1,100 amended returns were filed by delinquent taxpayers.

Many factors contributed to the success of the 2002 Kentucky Tax Amnesty Program. Revenue Cabinet personnel did an excellent job conducting the advance research and the planning necessary for its implementation. The 2002 General Assembly enacted enabling legislation that offered a mix of incentives to encourage taxpayers to take advantage of tax amnesty, and penalties if they did not. Upon completion of a competitive bid process, the Revenue Cabinet contracted with an advertising agency that developed a comprehensive and effective award-winning ad campaign. A very dedicated and professional staff, which was drawn from all areas of the Revenue Cabinet, administered the day-to-day operations of the program and helped to spread the word throughout the state at local functions. Additionally, the cooperation and assistance of tax practitioners, attorneys, and other professionals throughout the Commonwealth aided tremendously in the successful 2002 Kentucky Tax Amnesty Program.

In planning for the 2002 Kentucky Tax Amnesty Program, the Revenue Cabinet relied heavily on the experiences of personnel involved in the 1988 Kentucky Tax Amnesty Program. The 1988 enabling legislation provided for the waiver of criminal prosecution, all civil penalties, and one-half of the interest. A total of 18,761 taxpayers participated in that program and paid a total of \$61,146,349. During the 1990 session of the Kentucky General Assembly, the House of Representatives passed House Resolution 72 commending the Revenue Cabinet for its outstanding administration of the 1988 program.

The Revenue Cabinet has prepared this final report of the 2002 Kentucky Tax Amnesty Program, which reflects not only statistics about the results of the program, but an explanation of the program’s operation. Hopefully this report will provide the reader with sufficient information about the program; however, should you have any further questions, please contact the Revenue Cabinet at (502) 564-3226.

Statutory Parameters of 2002 Kentucky Tax Amnesty Program

The 2002 Kentucky General Assembly authorized a tax amnesty program to be conducted during the Fiscal Year 2002-03. The program provided for the waiver of criminal prosecution and all civil penalties, interest, and fees on taxes due for eligible periods if the tax was paid during the tax amnesty period or during the term of an authorized installment payment plan. The Revenue Cabinet conducted the program for a period of 61 days from August 1, 2002, through September 30, 2002.

House Bill 614 was introduced in the House of Representatives on February 7, 2002. The bill was sponsored by Representatives Moberly, Sims, Belcher, Clark, Draud, Lee, Napier, Pasley, and Treesh. House Bill 614, which was passed and signed into law April 24, 2002, provided for the following program parameters:

✓ When

A tax amnesty program was to be offered during the fiscal year ending June 30, 2003, for a period of not less than 60 or more than 120 days.

✓ Who

All taxpayers who paid their taxes directly to the Revenue Cabinet would qualify for tax amnesty except those on notice of a criminal investigation or who were the subject of any criminal litigation for nonpayment, delinquency, evasion, or fraud in relation to any federal or state taxes.

✓ Taxes Included

All taxes under the direct administrative jurisdiction of the Revenue Cabinet except ad valorem taxes levied on real property, motor vehicles, and motorboats (collected by the county clerk), and personal property taxes payable to local officials (e.g., furniture and fixtures, inventory) were to be covered.

✓ Tax Periods Included

Only those tax periods ending on or after December 1, 1987, and ending prior to December 1, 2001, would be eligible for tax amnesty treatment. (The tax amnesty of 1988 included the tax periods ending prior to December 1, 1987.)

✓ Amnesty Incentives

- All eligible taxpayers would have to pay only the tax due.
- All interest was to be waived on eligible tax periods.
- All penalties and cost of collection fees were to be waived on eligible tax periods.

✓ Post-Amnesty Period Provisions

- The current 20 percent Cost of Collection Fee would be increased to 25 percent.
- A 25 percent Assessment Fee would be added to all additional liabilities assessed by the Revenue Cabinet for any amnesty-eligible period.

- A 50 percent Failure-to-File Fee would be added to any tax bill for an amnesty-eligible period issued by the Revenue Cabinet because of a taxpayer's failure to file a required tax return.
- The Revenue Cabinet would be authorized to publish a list of delinquent taxpayers. This list could be published on the Internet or through any medium available.
- Corporate officers and members of limited liability companies (LLCs) and limited liability partnerships (LLPs) would be individually liable for the payment of gasoline and special fuels taxes collected from their customers.
- Individual liability would be imposed on the responsible managers of LLCs and LLPs for sales and use, and withholding taxes. This provision would be effective retroactive to the date of the enabling legislation for LLCs and LLPs.
- A \$100 minimum Failure-to-File Penalty would be imposed for those taxpayers that fail to file returns after they have been requested by the Revenue Cabinet.

Public Information Campaign

The advertising campaign for the 2002 Kentucky Tax Amnesty Program began with the hiring of a public relations/advertising firm to assist the Revenue Cabinet with getting the word out. After a competitive bid process, Paul Schultz Advertising of Louisville (PSA) was selected as the organization that would assist in marketing the tax amnesty program to the citizens of the Commonwealth.

The media campaign was structured to ensure the “Amnesty Is The Answer” motto became an integral part of the Kentucky landscape for the duration of the program. The message was included in television ads, radio commercials, outdoor billboards, and print publications. Because every opportunity was used to extend the message, the tax amnesty program was hard to miss.

The strategy developed by the Revenue Cabinet and PSA was direct and efficient. The campaign began with a media kick-off event in Frankfort that was broadcast simultaneously in 12 locations across the state where the program was introduced to the citizens of the Commonwealth. The kick-off generated public interest and put the “Get Right With The Government” jingle and the “Amnesty Is The Answer” signature message into the public eye. A sustained level of marketing was used throughout the eight-week campaign to maintain the public’s awareness of the program. Interspersed with this were constant media appearances and news coverage and for the final two weeks, updated notices that the “clock was ticking” and that the time for amnesty would soon come to an end.

While the Revenue Cabinet knew from experience that the majority of the amnesty amounts received would be from businesses and business owners, in order to ensure that everyone who might benefit from amnesty received the message, the advertising campaign was widespread. “Amnesty Man” and his message to “get right with the government” became a part of the audience’s morning and afternoon drive times, sporting events, and even a part of their morning coffee and doughnuts, or dinner in front of the television.

The Revenue Cabinet took advantage of 36 events which were held around the state to increase people’s awareness of amnesty. These events included:

- University of Kentucky football games
- University of Louisville football games
- Live radio remotes
- Grand openings
- Presentations to civic groups
- Kentucky State Fair

At these events, the Revenue Cabinet distributed various items including fans, nail files, piggy banks, t-shirts, and other trinkets with the amnesty message.

One of the most effective of these events was the Revenue Cabinet's presence at the University of Kentucky vs. the University of Louisville football game held on September 1, 2002. As tax amnesty ads were being advertised over 160 radio stations broadcasting the game and a national television audience (ESPN) tuned in to the game at home, Revenue Cabinet staff was distributing over 20,000 hand fans to spectators.

To aid in the advertising campaign and to assist in distributing information, a Web site (www.amnesty.ky.gov) was developed that allowed potential tax amnesty participants access to all the information needed about amnesty. Taxpayers were able to download forms, review frequently asked questions, and send e-mails directly to Revenue Cabinet staff. The Web site was accessed over 132,000 times during the tax amnesty program.

On November 13, 2003, the Kentucky Association of Government Communicators recognized the Kentucky Revenue Cabinet for their tax amnesty campaign with their *Award of Excellence* as having the best statewide *Public Awareness Campaign*. The campaign also received *Awards of Excellence* for various components of the campaign, including *television, radio, and press packets*. *Awards of Merit* were received for *newswriting, 3-color brochure, print advertising, and trinkets and trash*.

Amnesty Implementation and Operations

Amnesty Application

The first task was the creation of the tax amnesty application for the taxpayer's use. Two separate applications were developed—prefilled and blank. The prefilled application listed existing accounts receivable information separated into schedules of taxes eligible for amnesty, taxes not eligible for amnesty, taxes currently under protest, and taxes for which a corporate officer or LLC manager could be held personally liable. The Revenue Cabinet believed this last section was especially important to LLC managers, since part of the tax amnesty legislation included post-amnesty provisions for LLC managers to be held personally liable for the business liabilities in sales and use, withholding, gasoline, and special fuels taxes.

A blank application was also developed for those taxpayers not identified with an outstanding account receivable, who might have returns and/or tax dollars to report and pay. These applications were distributed to Revenue Cabinet field offices throughout the Commonwealth and a copy was placed on the Revenue Cabinet's Web site as a downloadable form. Blank applications were also mailed, along with a cover letter, to taxpayers who had been selected for audit. Those taxpayers were advised that they could come forward and file amended returns during the amnesty period to avoid penalties, interest, and fees associated with audited liabilities.

System Development and Processing

Once the application had been developed, the Revenue Cabinet began to focus on systems development and the development of processing procedures. The Revenue Cabinet partnered with the Governor's Office of Technology (GOT) to develop a separate database to track all amnesty applications sent and received. Cases already identified in the Revenue Cabinet's accounts receivable system (CARS) were loaded into the database and additional cases were added as applications were identified. Procedures on how amnesty applications would be processed were developed in cooperation with Revenue Cabinet accounting/processing employees. Three workgroups were identified to assist with processing applications, returns and payments, as well as taxpayer assistance:

- **Processing Team**—Employees were assigned the task of the initial processing of amnesty applications, as well as applicable returns and payment. This team was housed at the Revenue Cabinet's processing facilities for approximately four months.
- **Tax Specialists**—Employees throughout the Revenue Cabinet were appointed to handle tax specific questions and issues.
- **Application Review Team**—Employees were placed on special assignment from their regular work duties to assist in application processing, assist taxpayers with incomplete applications, respond to taxpayer inquiries regarding tax amnesty applications, and to identify and route cases for refund and other adjustments.

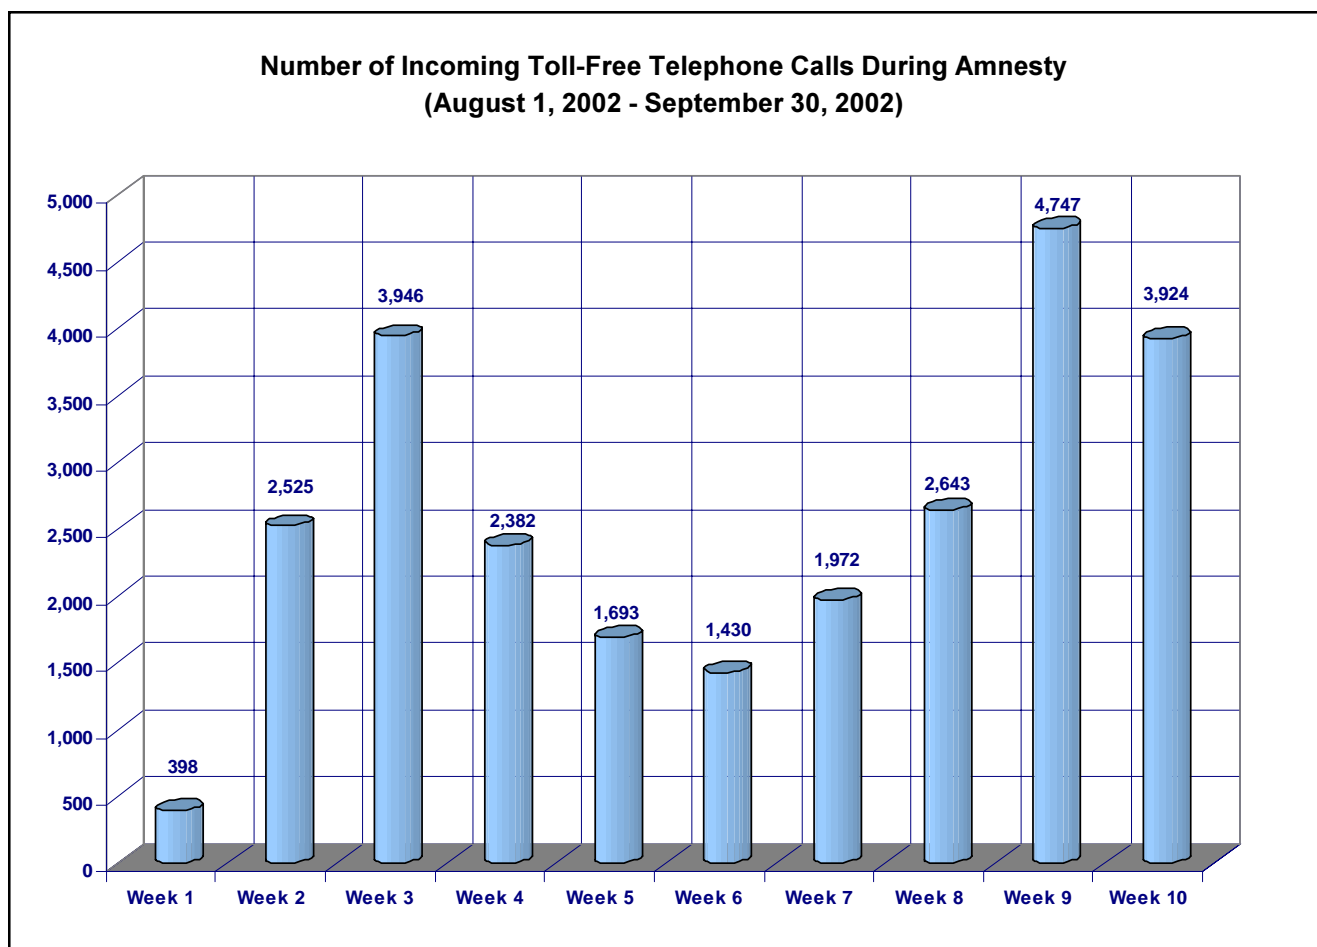

The Application Review Team also assisted in return and payment processing, which included processing credit card payments and the administration of approximately 1,500 short-term payment agreements.

Toll-Free Number

A special toll-free telephone number was established to handle amnesty-related telephone calls. In addition to those employees who were specifically assigned to amnesty teams, approximately 50 Division of Collections employees were assigned to field incoming calls from the toll-free amnesty telephone line, in addition to their normal telephone duties. There were more than 25,000 incoming calls on the toll-free telephone number.

The following graph represents the number of incoming telephone calls, per week, on the toll-free line, from August 1, 2002, through September 30, 2002. These totals represent only a portion of the total number of incoming telephone calls regarding tax amnesty. Not included are telephone calls made to regular Revenue Cabinet numbers and telephone calls made to the taxpayer service centers located throughout the state.

Figure 1

Training

To prepare Revenue Cabinet staff for the 2002 Kentucky Tax Amnesty Program, training sessions were developed and conducted. Staff was instructed on tax amnesty eligibility, processing procedures, and the use of the tax amnesty database.

Mail Sent and Received

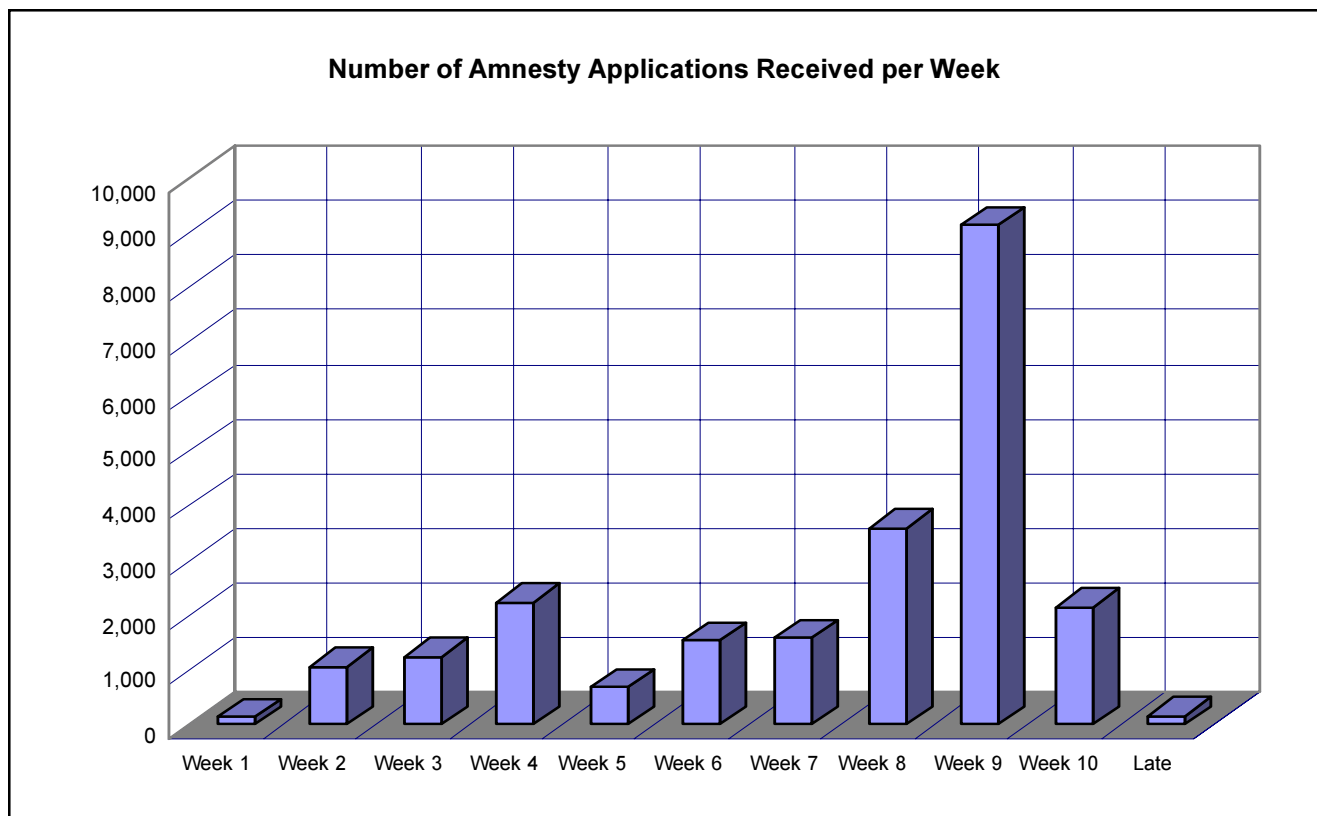

Although the tax amnesty program legislation was passed in April 2002, the Revenue Cabinet delayed the publicity campaign until late July 2002 and the mailing of all prefilled applications and target letters until August 2002, so as not to interrupt normal receipts collection before the amnesty period began.

An initial mailing of 93,382 prefilled tax amnesty applications was sent approximately one week before the beginning of amnesty. The Revenue Cabinet mailed an additional 5,827 prefilled applications after amnesty began as new taxpayer liabilities were identified.

Of the 23,592 applications received, 17,759 were submitted using the prefilled application form. The prefilled amnesty application greatly simplified the application process for the taxpayer. In many cases, the taxpayer simply had to sign the application and mail it in with a check.

The following graph represents the number of amnesty applications received each week from August 1, 2002, through September 30, 2002.

Figure 2

Operational Costs

The General Assembly provided \$3.1 million for tax amnesty operations, of which the Revenue Cabinet expended \$2,771,001. The remainder of the budgeted funds were returned to the General Fund at the close of fiscal year 2003.

Results of Tax Amnesty

Where Did the Money Come From?

The Revenue Cabinet received 23,592 applications from taxpayers. Of these applications, 52 percent were from individuals and 48 percent were received from businesses. However, the majority of the total dollars collected came from businesses (86 percent), with only 14 percent from individuals. The graphs below represent the number of amnesty applications received from both in-state and out-of-state taxpayers, as well as the amount collected from each. The in-state/out-of-state distinction was established using the address on the amnesty application.

Figure 3

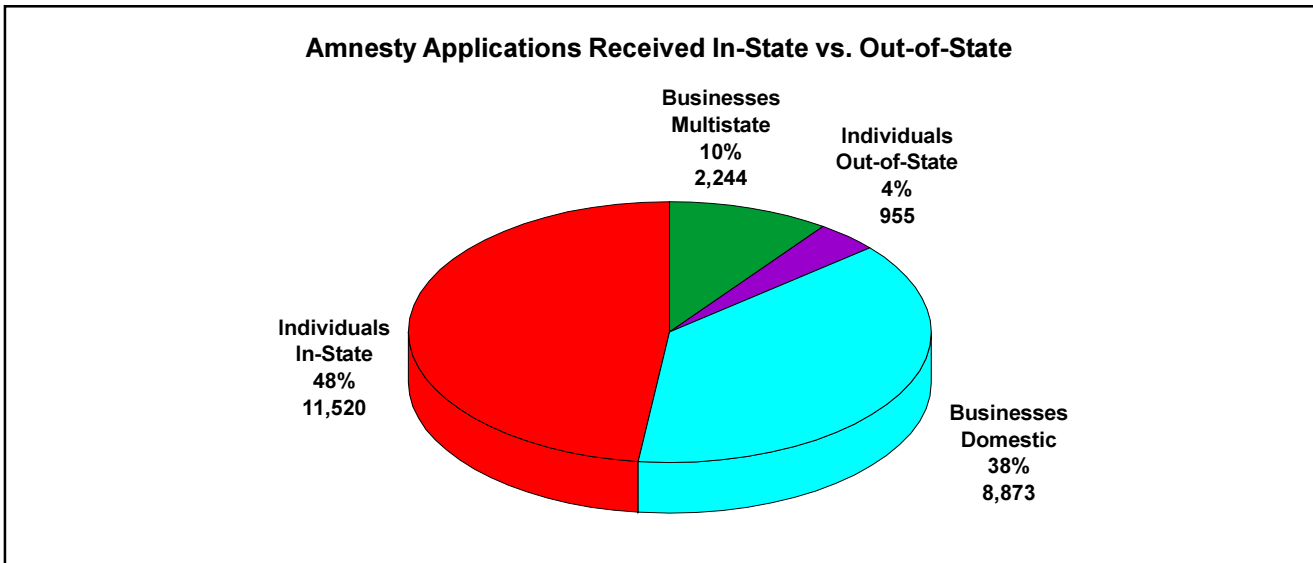

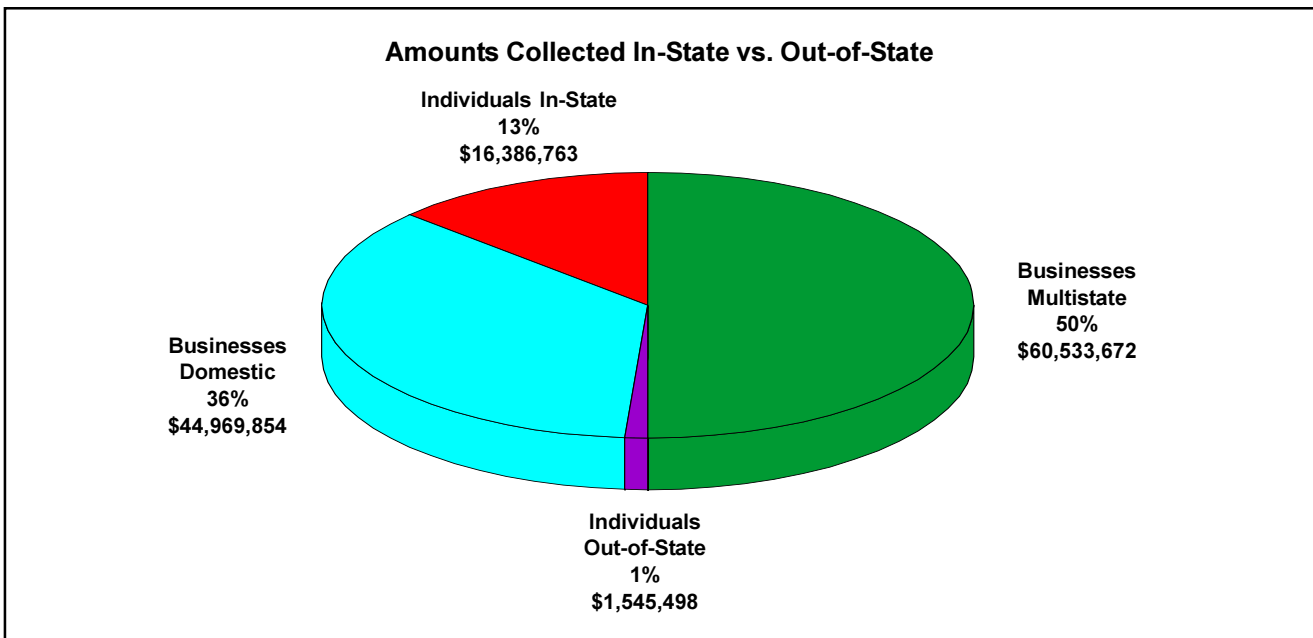

Figure 4

The Revenue Cabinet captured the number of tax amnesty applications received and the total amount collected from businesses, individuals, corporate officers, and LLC managers filing for amnesty. The results are included in the graphs below.

Figure 5

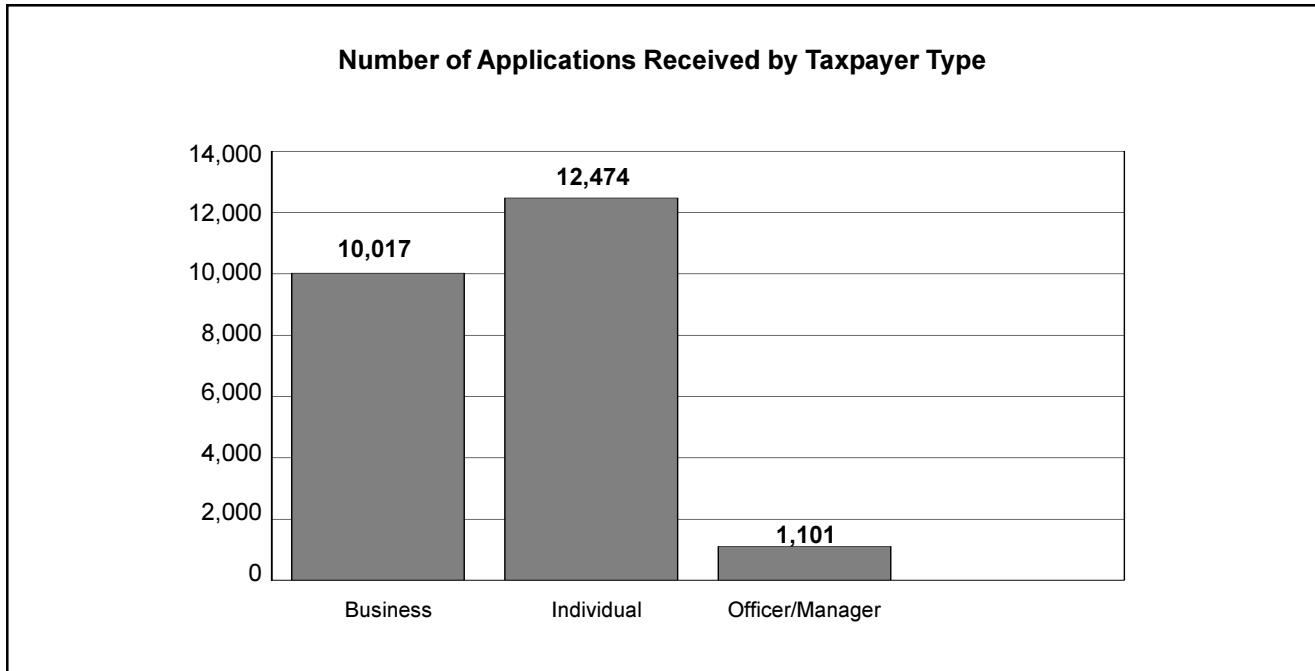

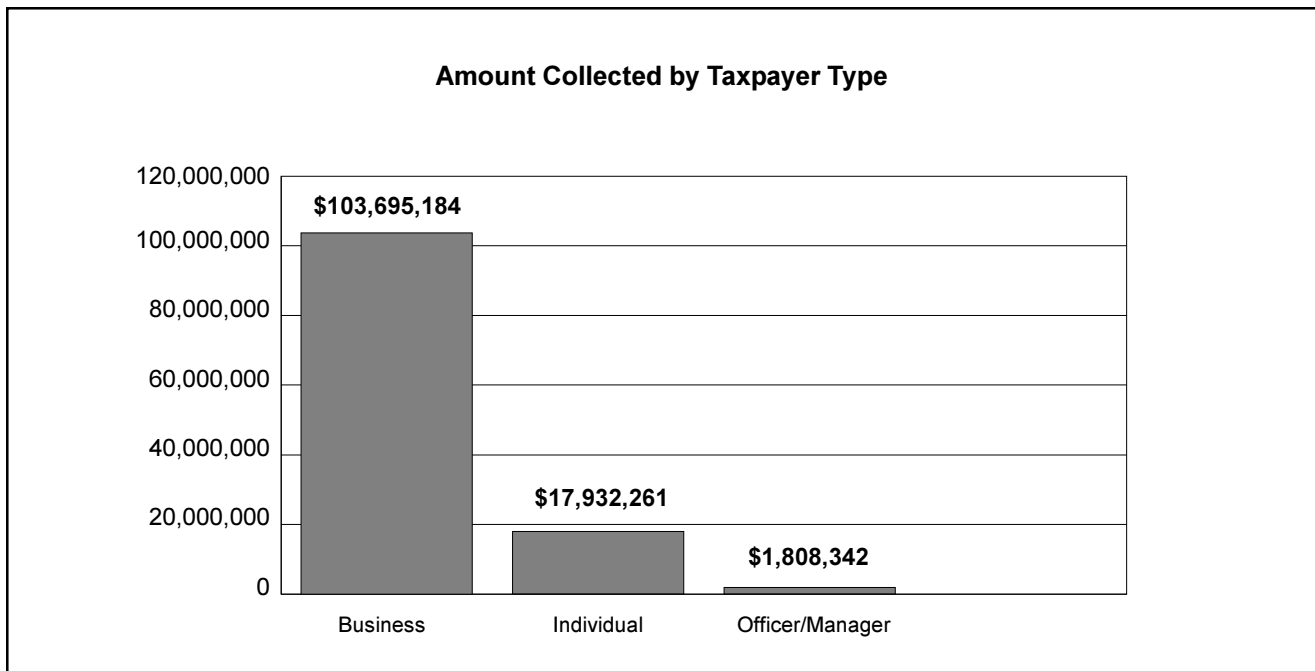

Figure 6

Range of Payment Amounts

The largest number of taxpayers who participated in amnesty were those that paid between \$100 and \$500 with their applications (6,738). This represented approximately \$1.8 million, or 1.5 percent of the total collected. By contrast, only 12 taxpayers paid \$1 million or more with their applications with the total for those 12 taxpayers being approximately \$27 million, or 22 percent of the total collected. The graphs below detail the number of taxpayers filing by payment range and the total amounts collected in each range.

Figure 7

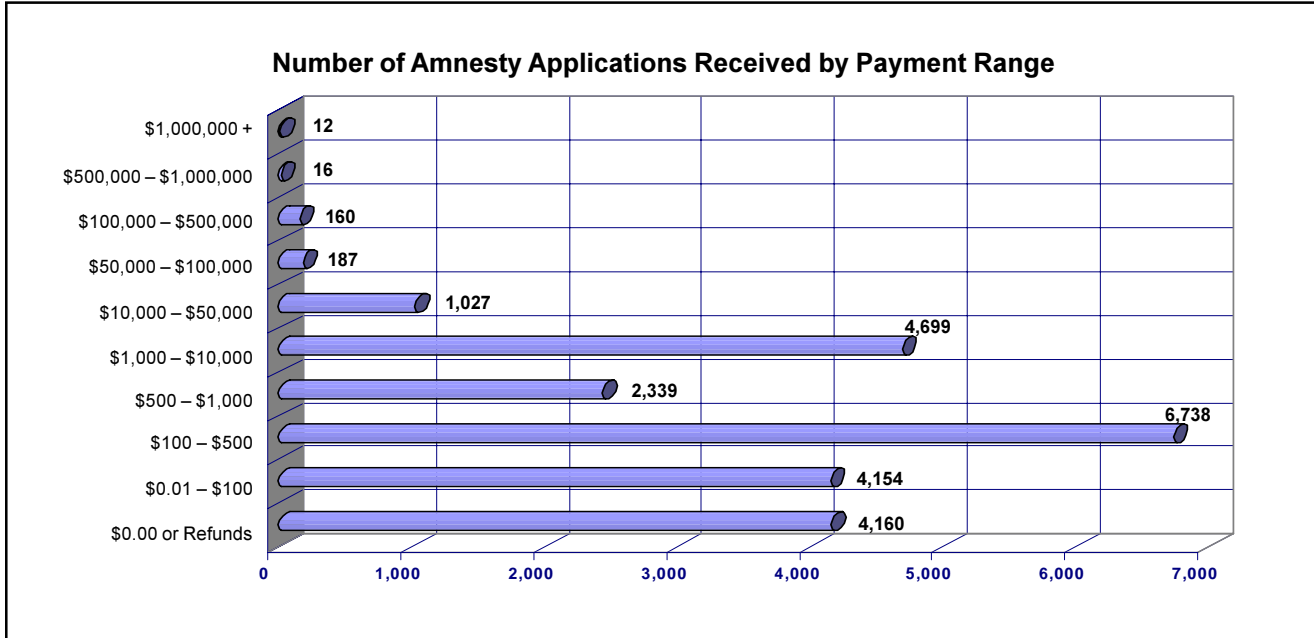

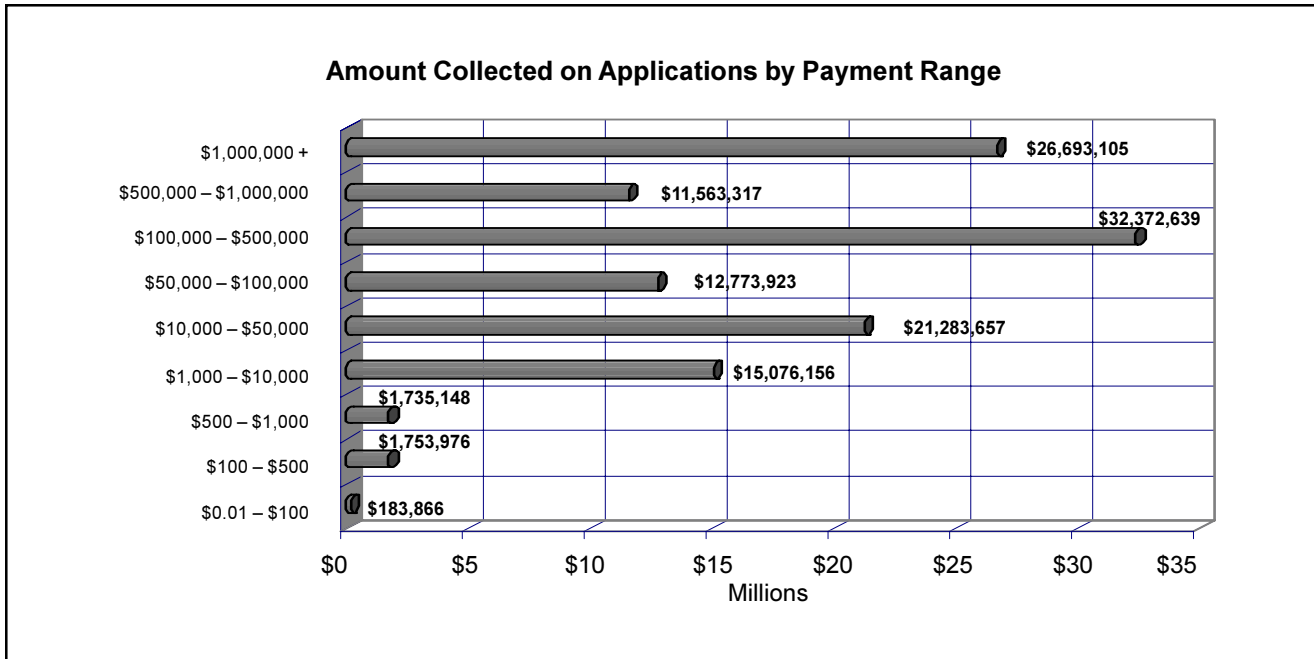

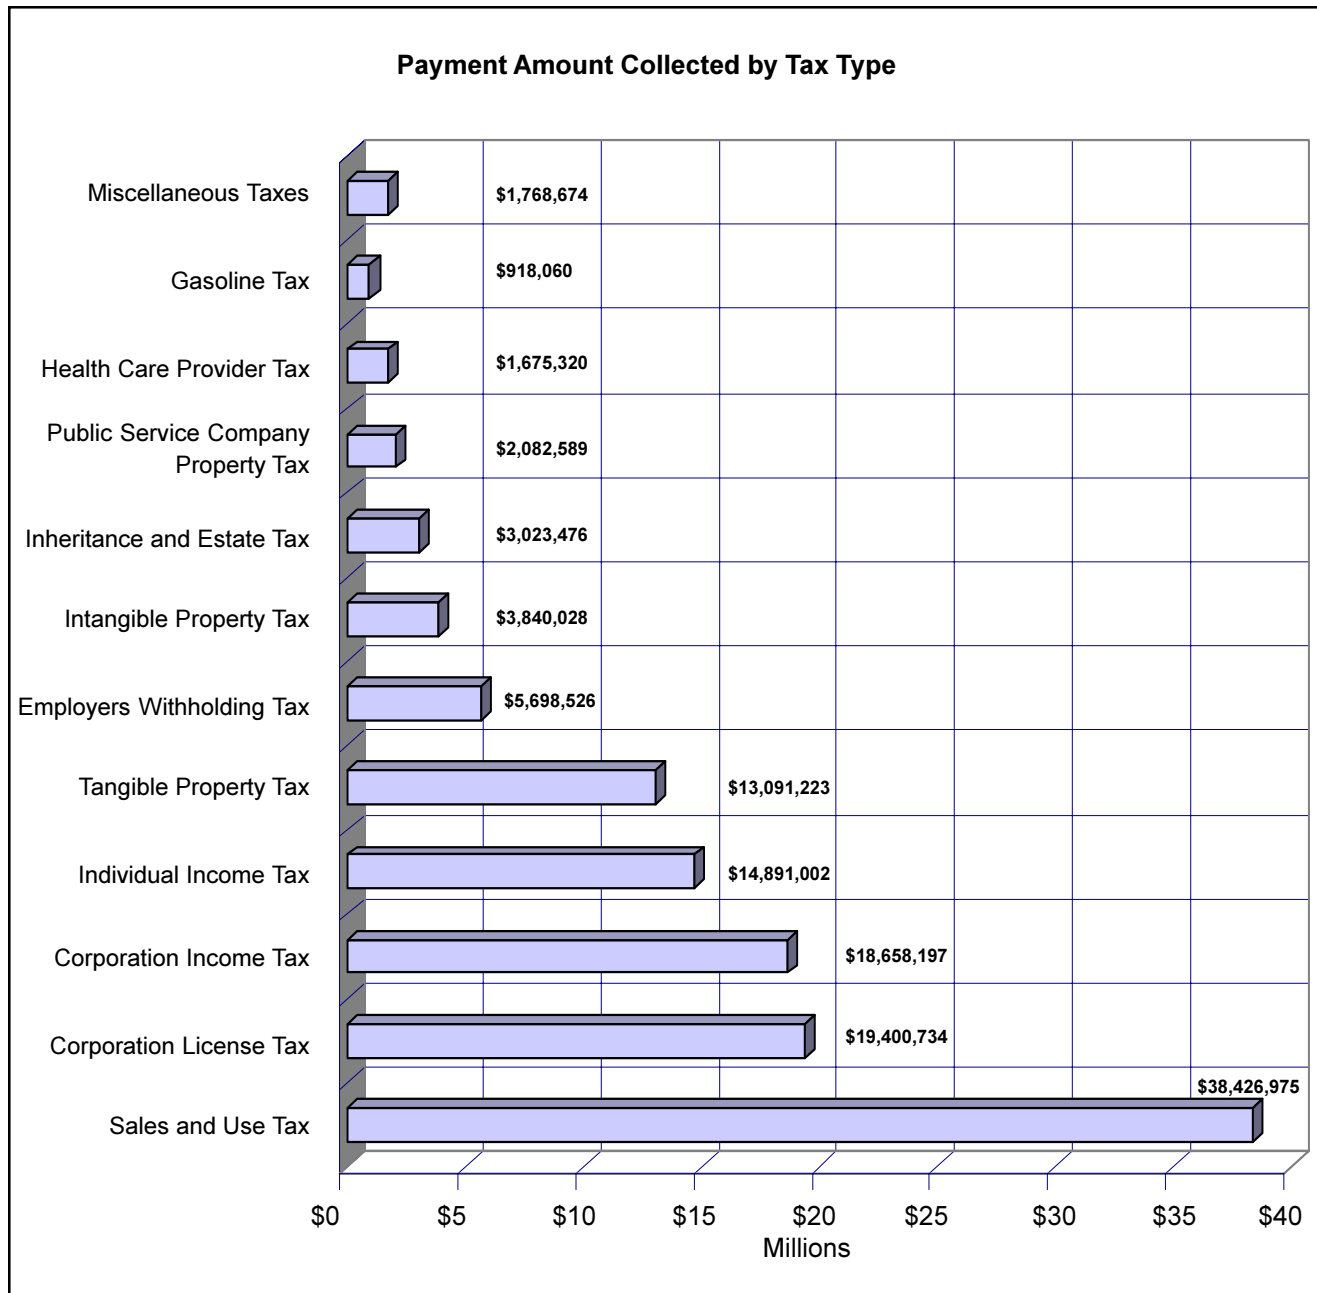

Figure 8

Payment Amount by Type Tax

Of the total amount received, \$38 million was collected for sales and use tax. This represents 31 percent of the total collected. The graph below shows total collections by type tax.

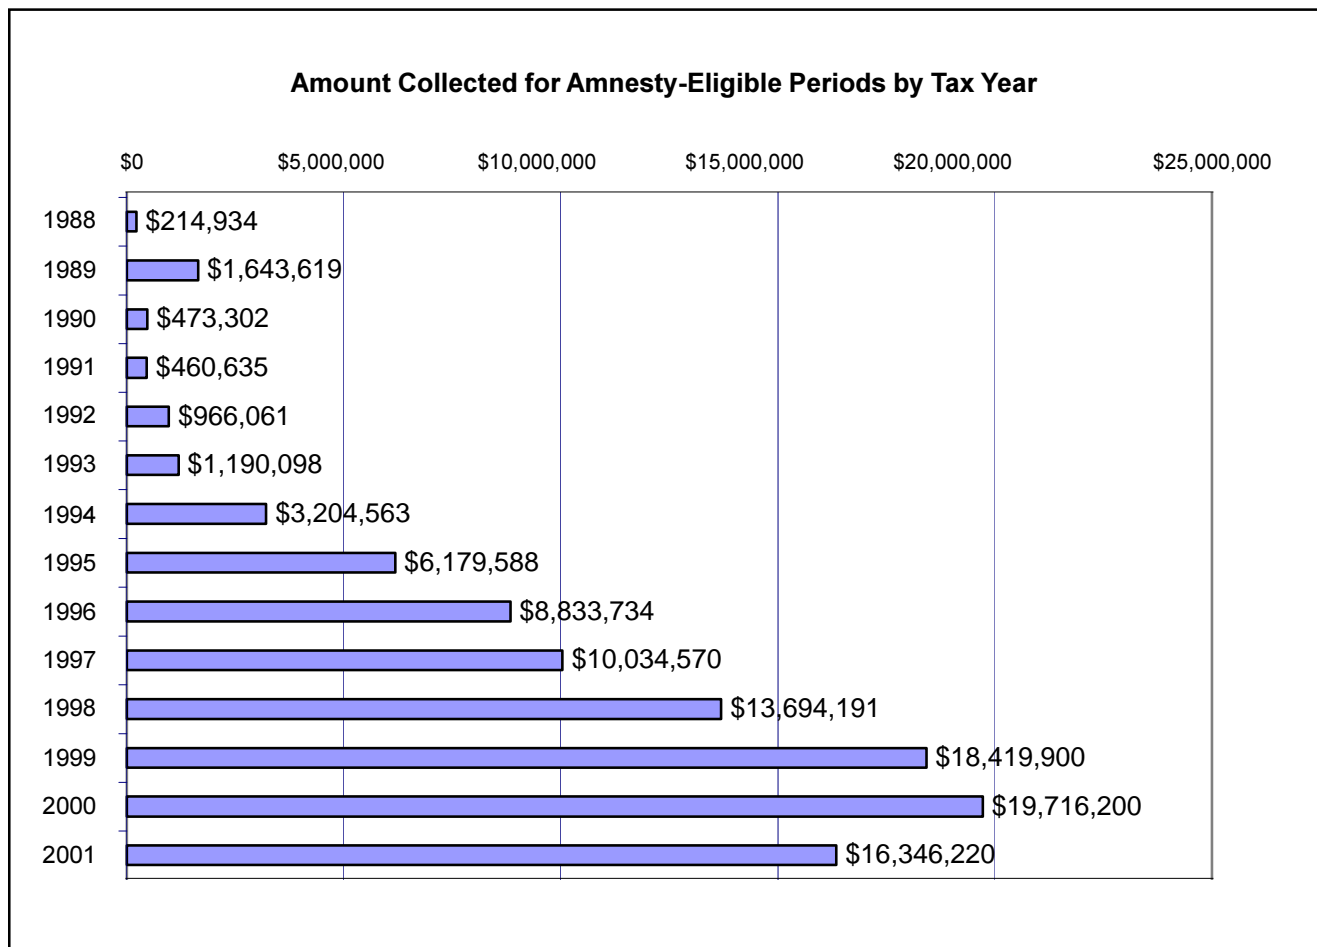

Figure 9

Amount Collected by Tax Year

As expected, most of the tax liabilities paid under amnesty fell within the more recent tax years 1999 through 2001. However, taxpayers reported and paid tax on outstanding tax liabilities for tax years as old as 1971. Taxpayers were required to satisfy any and all delinquencies in order to qualify for amnesty for delinquencies in the amnesty-eligible period.

Figure 10

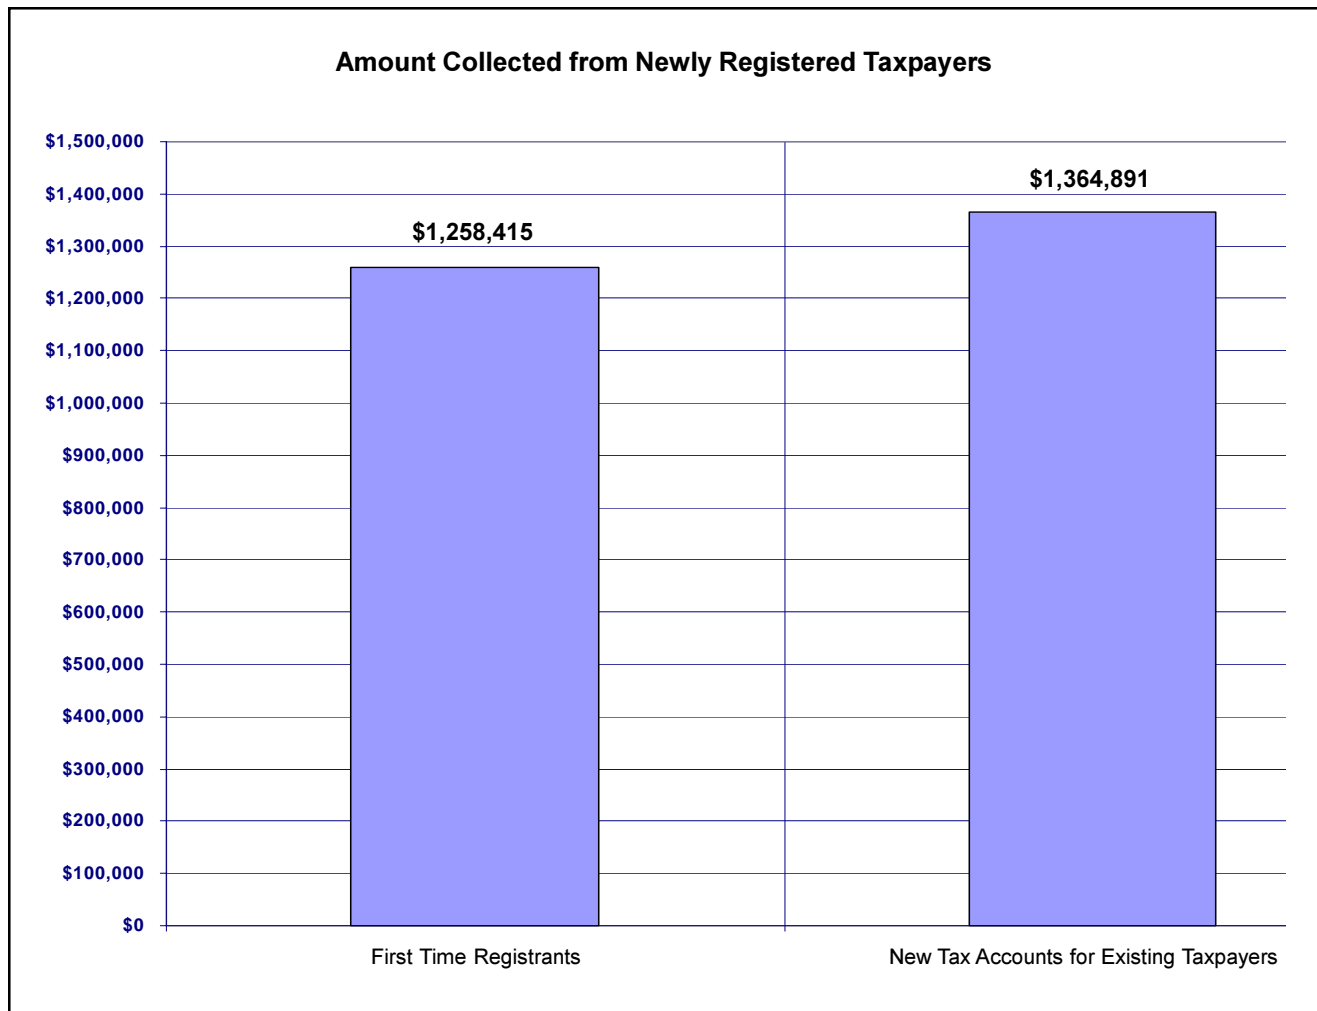

Newly Registered Taxpayers

The Revenue Cabinet was interested in the number of new taxpayers who would come forward during amnesty and register for taxes owed. Only 346 applicants, or 1.5 percent of the total number of business taxpayers who applied, came forward and registered as new taxpayers. However, 87 percent of those taxpayers were first-time registrants who did not have a tax account number previously registered with the Revenue Cabinet. The remaining 13 percent were taxpayers who already had an existing account with the Revenue Cabinet, but were requesting additional tax account numbers. An example would be the taxpayer who was already registered to pay withholding tax, but during amnesty disclosed he also owed sales and use tax and requested a sales and use tax number.

Reports indicate \$2,623,306 in back taxes collected from newly registered taxpayers during tax amnesty. These taxpayers, which include both businesses and individuals, represent an ongoing source of future revenues. Figure 11 below shows the amount collected by group and number of applicants.

Figure 11

Number of Approved and Denied Applications

Of the 23,592 applications received, 20,510 (87 percent) were ultimately approved and 3,083 (13 percent) were denied. Most denials occurred because the taxpayer did not pay the liability in full. Taxpayers were given 30 days after a review of their application to pay any additional tax due. If there was no contact or payment from the taxpayer within the 30 days, the application was finally denied.

The following graphs (Figures 12, 13, and 14) represent the total number of amnesty applications approved and denied by taxpayer type.

Figure 12

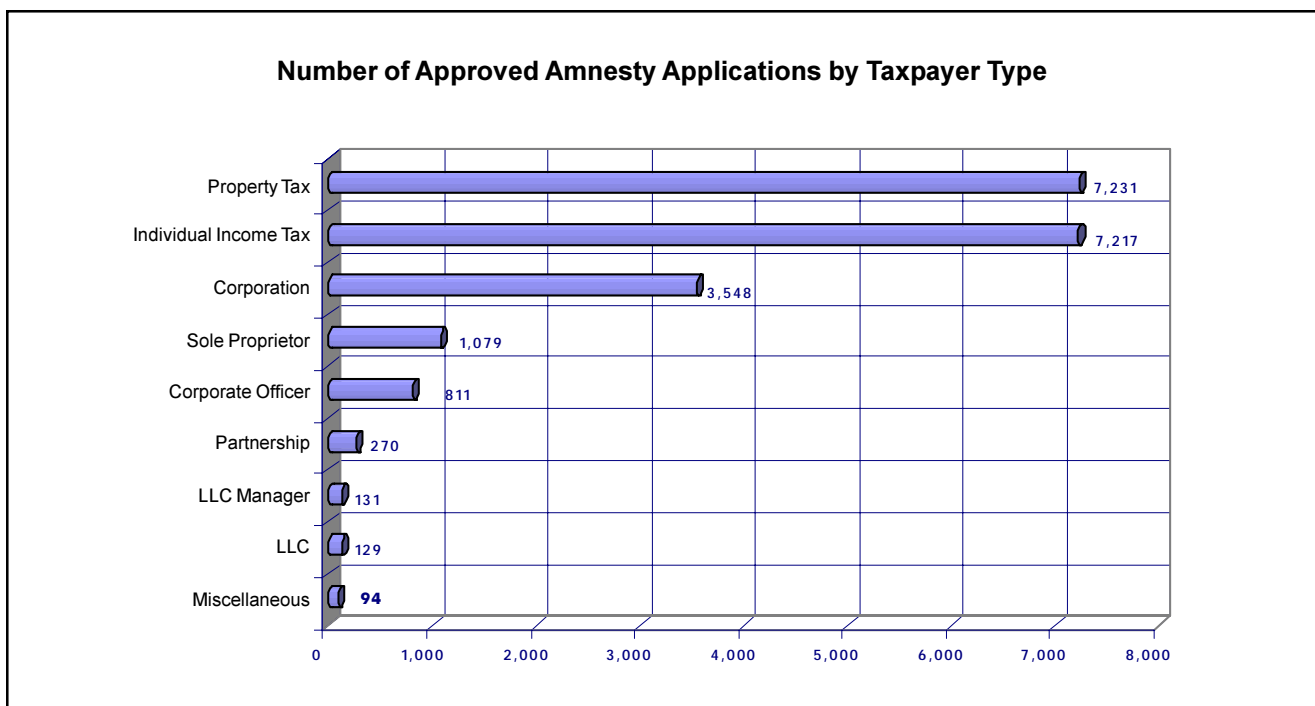

Figure 13

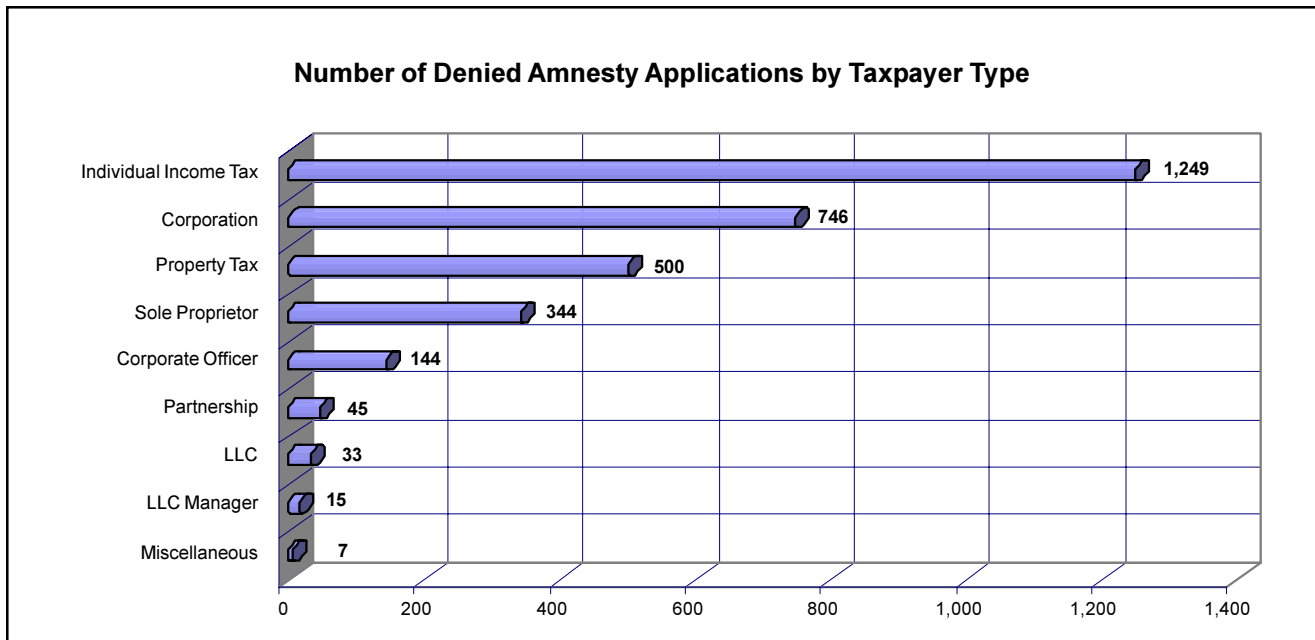

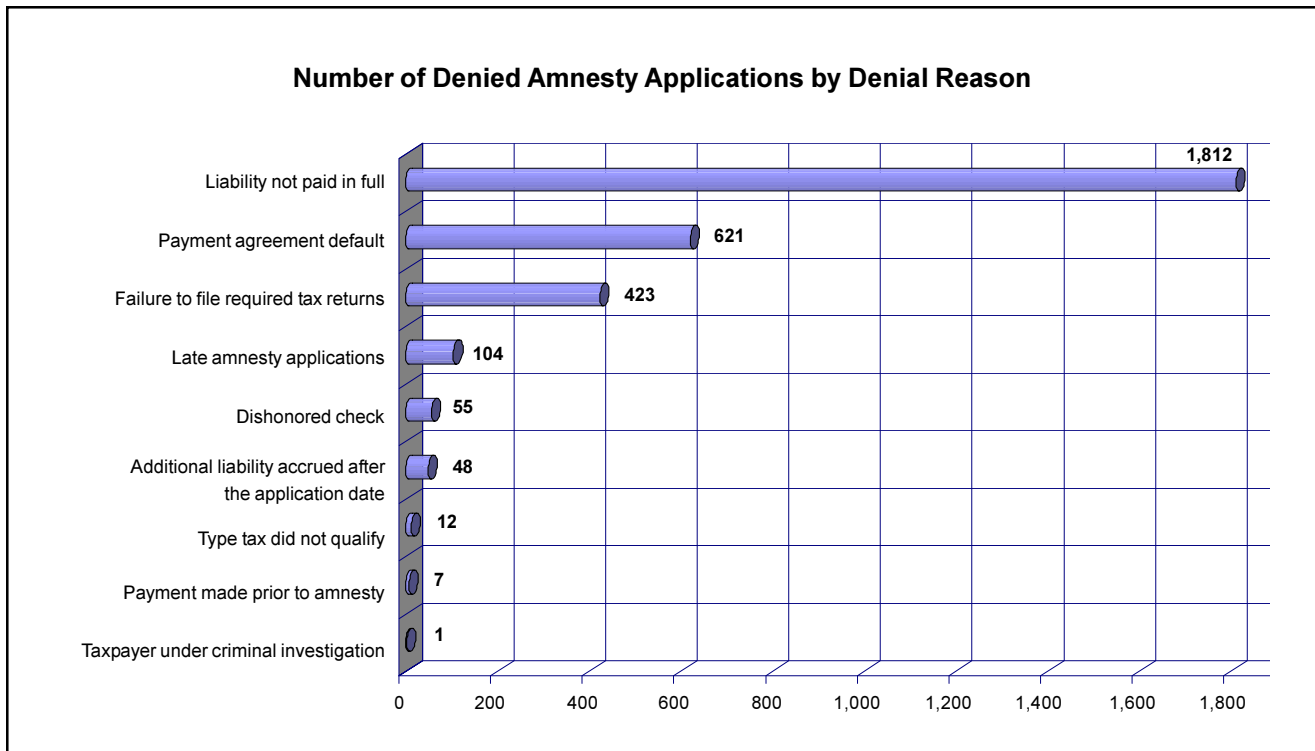

Figure 14

Protested Audits

The Division of Protest Resolution reviews and determines taxpayer disputes with the Revenue Cabinet. Whether it is the denial of a refund claim or a tax bill issued at the conclusion of an audit, taxpayers who disagree with a determination of the Revenue Cabinet may file a protest within 45 days of receiving a Notice of Disallowance or a Notice of Tax Due. The review process involves the gathering of information necessary to evaluate the taxpayer's position, and a conference where the taxpayer can meet with one of the review officers to discuss their disagreement in person.

The Kentucky 2002 Tax Amnesty Program offered taxpayers with cases in protest status a rare opportunity to finally resolve their case without having to pay any interest and penalties. The Division of Protest Resolution resolved (in whole or in part) 497 cases and collected \$45,320,577 during amnesty.

Figure 15

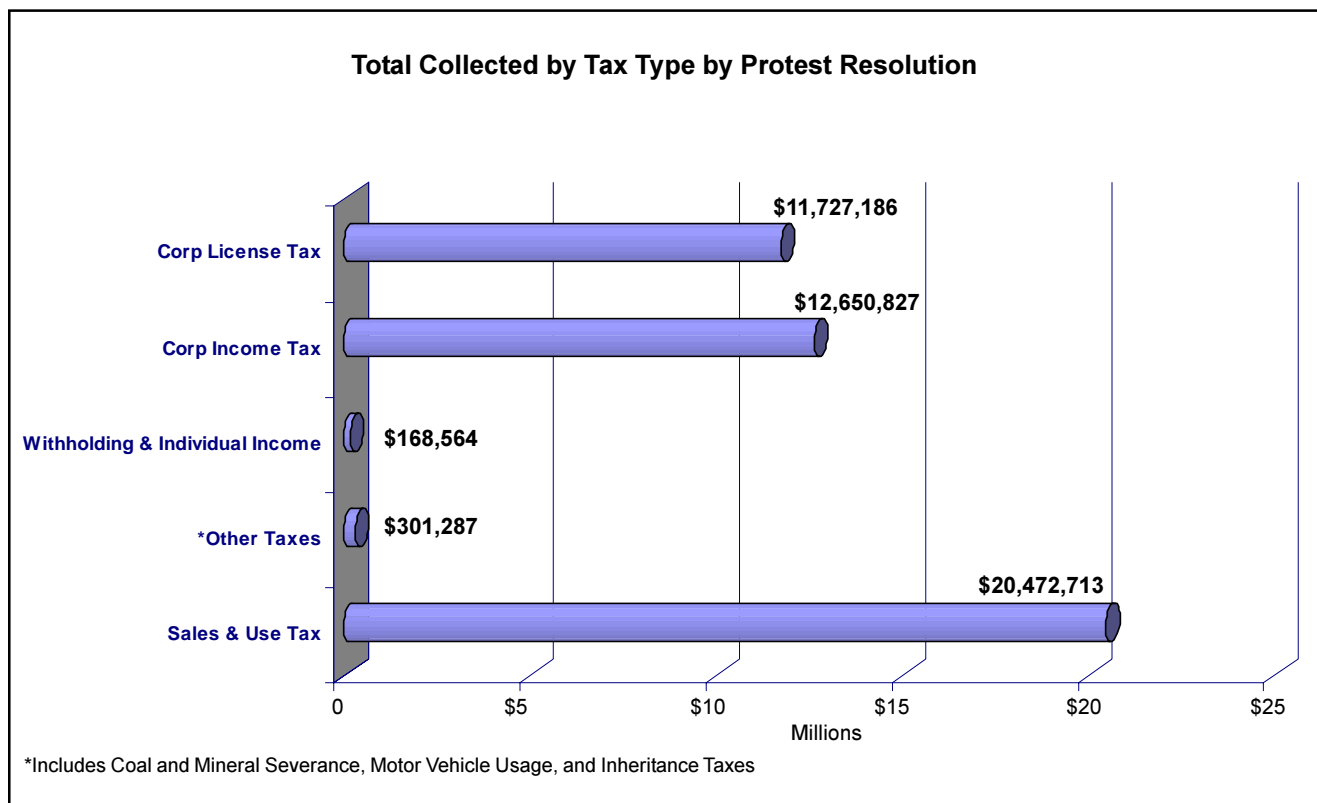

Figure 16 is a breakdown of amnesty receipts based on the manner of collection, whether through settlement of the case or full payment of the tax due. Tax amnesty dollars were collected by Protest Resolution in one of five ways:

- Protests paid in full.
- Protests partially paid with open issues remaining.
- Settled protests.
- Audits reviewed and paid without protest—relates to audits that were reviewed and billed by a Protest Resolution review officer, and were then paid by the taxpayer prior to the filing of a protest.
- Other amnesty collections without protest—relates to any other amnesty payment that did not derive from either a protest or an unprotested audit review (i.e., by amended return).

Figure 16

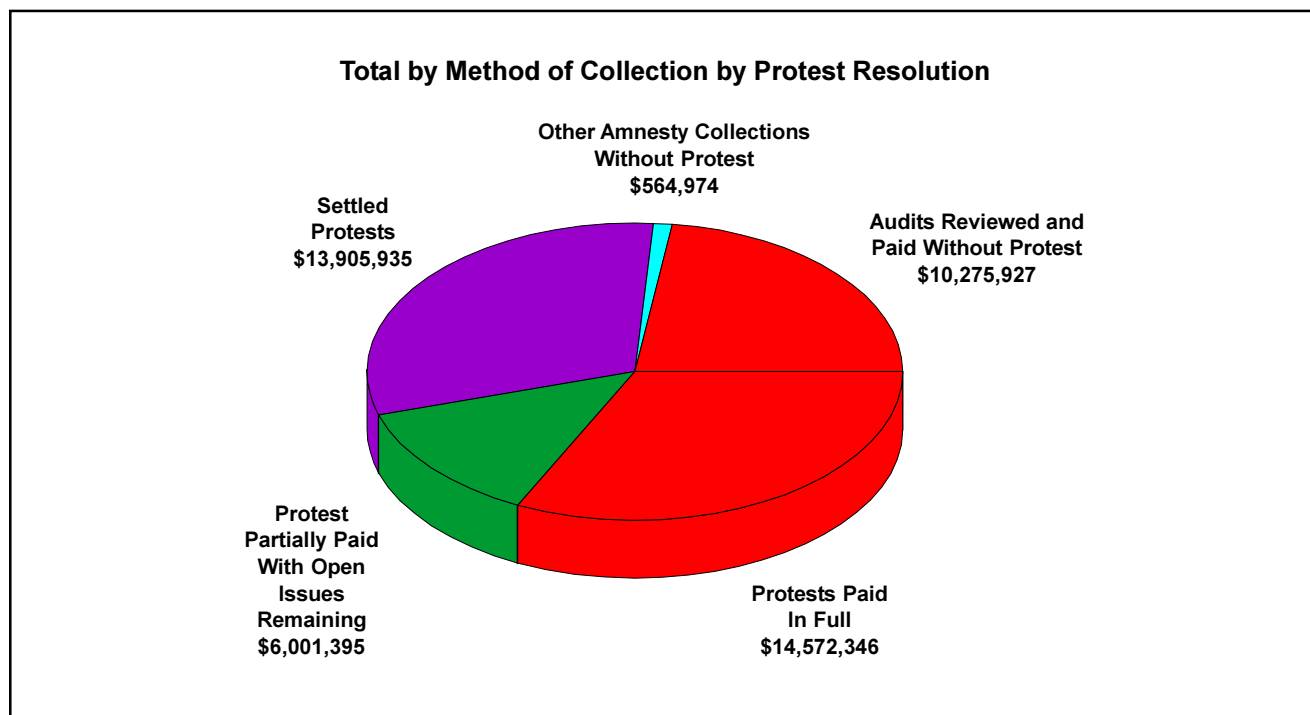

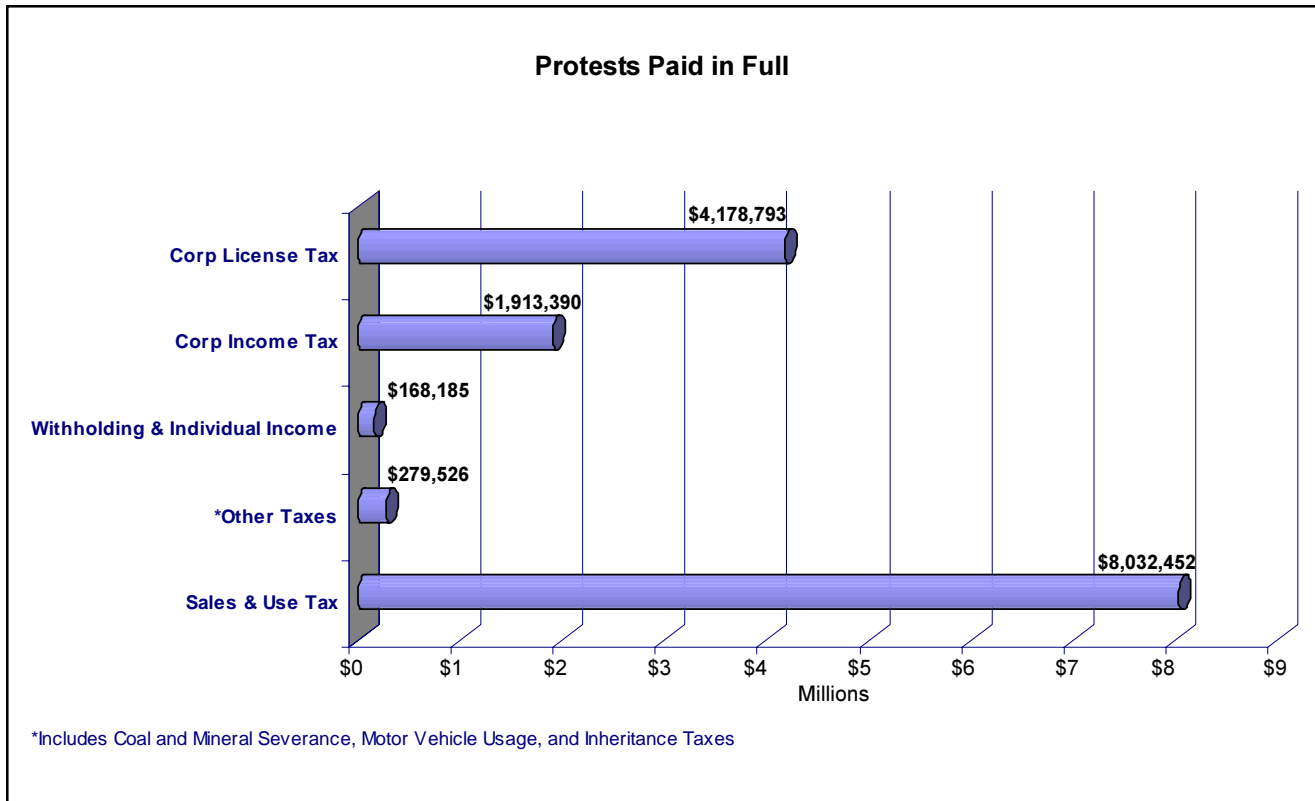

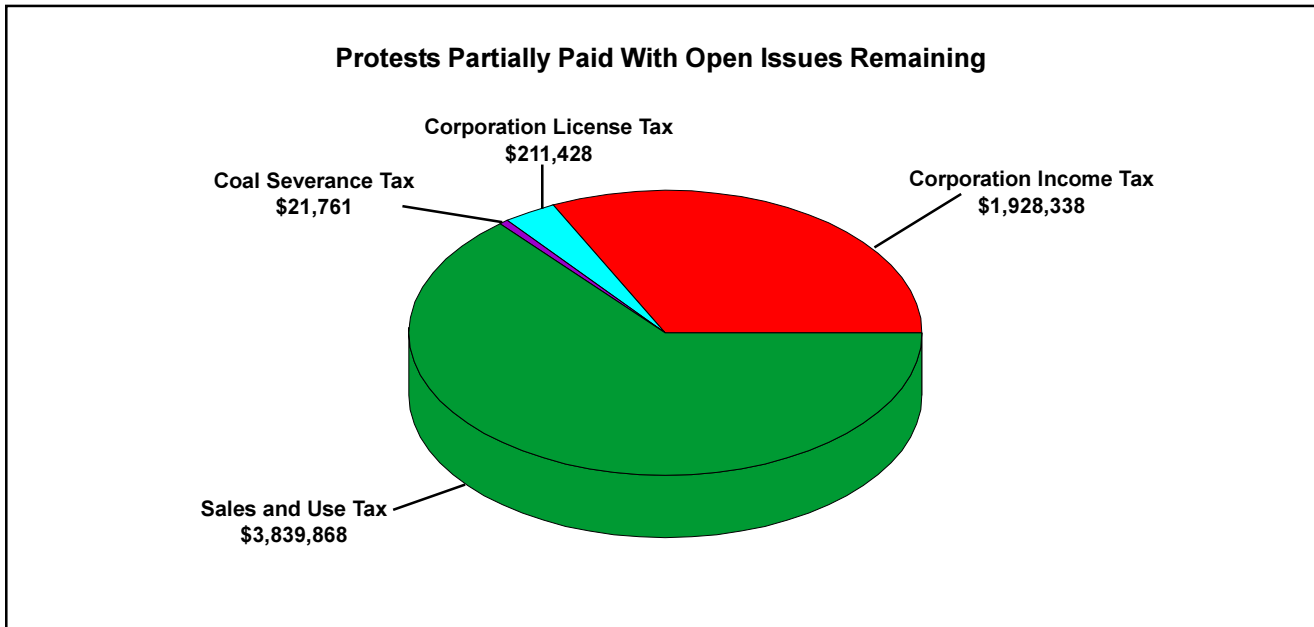

Figure 17 represents amnesty dollars collected from taxpayers who opted to pay the entire amount of tax in dispute under amnesty, thus closing their case in Protest Resolution. Protest Resolution collected a total of \$14,572,346 in this manner and the chart below provides a breakdown of these amounts collected by type tax.

Figure 17

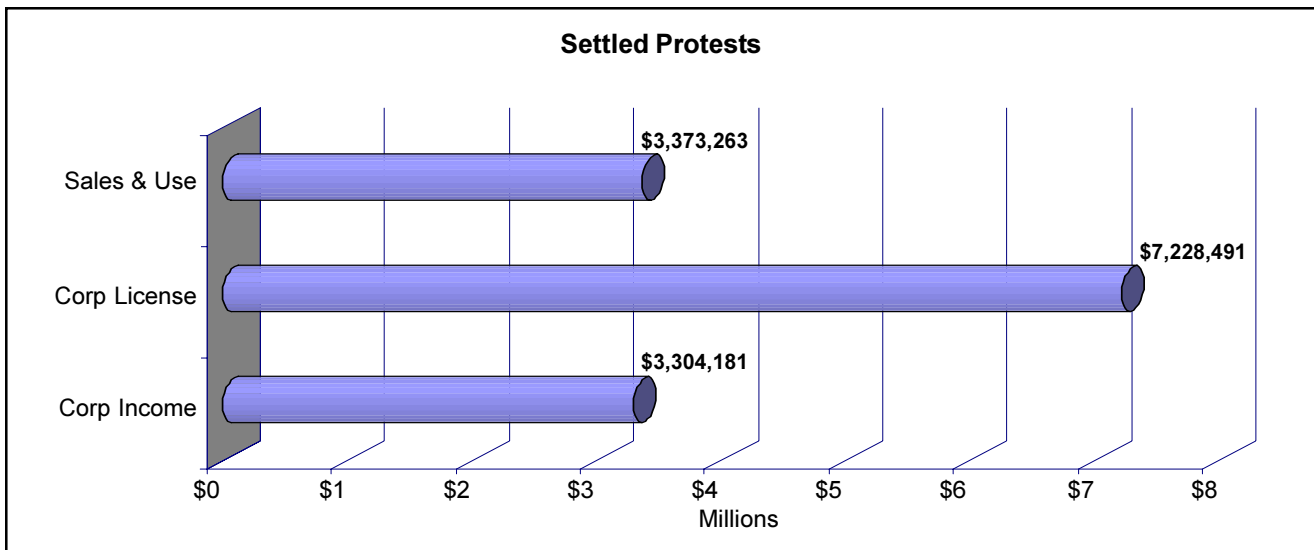

Many tax controversies involve more than a single issue or a single tax. Figure 18 presents amnesty dollars collected from taxpayers who opted to pay the disputed tax liability on one or more, but not all, of the issues involved in their case. There were 82 cases that were partially resolved in this manner, producing \$6,001,395 for five types of tax. The issues or taxes that were not paid under amnesty remain in protest status subject to penalties, interest, and fees. The taxpayer is free to pursue the remaining disputed tax liability through the normal administrative and legal process.

Figure 18

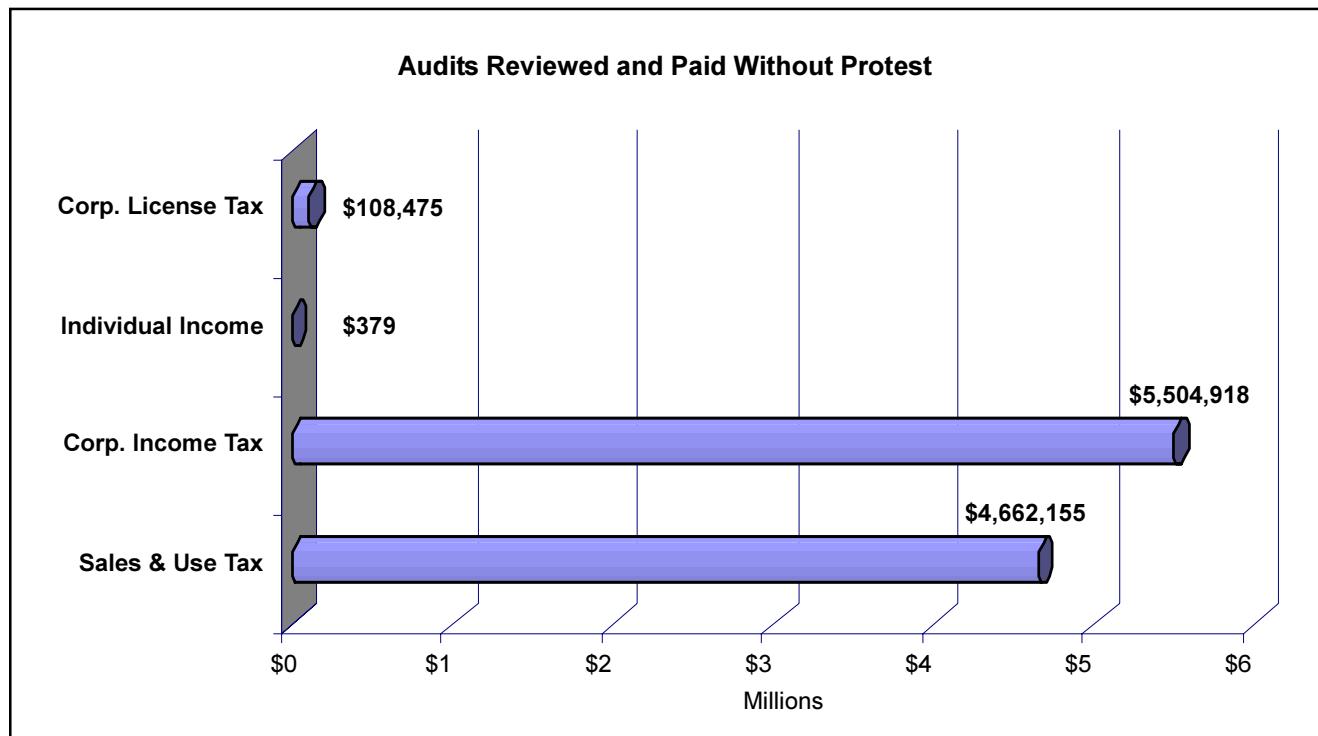

The Revenue Cabinet has the authority to resolve tax controversies on a fair and equitable basis based upon the hazards of litigation to the Commonwealth and the taxpayer (KRS 131.030(2)). During the amnesty period, Protest Resolution settled 79 protests on this basis, either in whole or in part, and collected \$13,905,935 as a result.

Figure 19

In addition to their protest caseloads, the Division of Protest Resolution reviews and bills Revenue Cabinet audits. Figure 20 reflects amnesty dollars collected from audits by Protest Resolution and then paid by the taxpayer under amnesty without the filing of a protest. Protest Resolution collected \$10,275,927 from 247 taxpayers who opted to pay the audit assessment under amnesty.

Figure 20

Finally, Protest Resolution collected \$564,974 from 56 taxpayers who had pending protests for other taxes and disclosed that they owed additional sales and use tax for amnesty-eligible periods. These amnesty receipts did not derive from a protested case, or from an audit that was reviewed and billed by Protest Resolution, but from taxpayers who came forward during the amnesty period, primarily through amended tax returns, to disclose that they owed additional sales and use tax to the Commonwealth.

The overall success of amnesty cannot be measured strictly in terms of the financial benefit to the Commonwealth. Potential litigation costs for both the taxpayers and the Revenue Cabinet were reduced or eliminated through resolution of the cases in amnesty.

Property Tax Collections

The following table outlines the various property taxes that qualified for amnesty, the number of returns filed for each tax, and the state and local amnesty money collected by type. The local money collected was distributed to the various taxing jurisdictions where the property was located. Thus, various counties, cities, metro county governments, schools, fire districts, library districts, and other local jurisdictions received a total of \$7,363,621 in funds as a result of the amnesty program. Some of this money was as a result of the payment of pending or protested audits and some was a result of taxpayers voluntarily coming forth to pay back taxes before being audited. The Division of State Valuation was also able to resolve numerous protests that had been pending for some time and to avoid the costs of lengthy litigation in many instances.

TAX AMNESTY RECEIPTS EXCEED \$100 MILLION

(Frankfort, Oct. 24, 2002) - The Kentucky Revenue Cabinet today announced that it has received more than \$100,015,000 in unpaid back taxes as a result of the Tax Amnesty program. The program ran August 1 through September 30 and was projected to raise \$20 million.

“We continue to be delighted with the results of the Tax Amnesty program. These funds are badly needed to maintain vital state government services without having to make significant cuts,” said Governor Paul E. Patton.

More than 20,000 individuals and businesses have participated in the Tax Amnesty program: 10,701 individuals and 9,330 businesses. More than \$87,607,000 or 87.5% has come from businesses and more than \$12,408,000 or 12.5% has come from individuals. 46,771 tax bills have been resolved.

“The majority of the dollars have been counted, however, a final total will not be available for several months due to the additional Amnesty applications that remain to be processed and any associated refund adjustments,” said Revenue Secretary Dana B. Mayton.

Payments have come from taxpayers in 49 states, the District of Columbia, and 7 foreign countries. Payments from taxpayers outside Kentucky total more than \$55,600,000 or 56% of receipts to date. “Most of the out-of-state payments have come from multi-state corporations doing business in Kentucky,” Mayton said.

Certain property taxes, eligible for Amnesty for the first time, have brought in more than \$13,731,000 of which approximately \$4,906,000 will be returned to local taxing jurisdictions including school districts.

Amnesty payments were received from all 120 Kentucky counties. Jefferson County leads the way with more than \$15,101,000 from 3,875 participants. At least \$1,700 was received from each of the 120 counties.

Corporation income and license taxes lead in receipts with more than \$37,000,000, followed by sales tax with more than \$30,579,000. Individual income tax receipts are \$9,918,010.

Taxpayers participating in the Tax Amnesty program will receive notification from the Revenue Cabinet that their applications have been accepted. “We are asking Amnesty participants to be patient. The overwhelming response to the program means that it will take some time to notify participants that their Amnesty applications have been accepted. Taxpayers should begin receiving notifications in November,” said Mayton.

Secretary Mayton pointed out that, “Increased penalties and new compliance programs are being implemented now that Amnesty is over. These new programs will help ensure that all taxpayers are paying their fair share.”

**TAX AMNESTY RECEIPTS EXCEED \$79 MILLION
COLLECTIONS SURPASS 1988 AMNESTY PROGRAM**

(Frankfort, Oct. 11, 2002) - The Kentucky Revenue Cabinet today announced that it has received more than \$79,870,000 in unpaid back taxes as a result of the Tax Amnesty program. The program ran August 1 through September 30 and was projected to raise \$20 million.

“We are delighted with results of the Tax Amnesty program,” Governor Paul E. Patton said. “These funds are badly needed to maintain vital state government services without making significant cuts. When taxes go unpaid, everyone suffers. Kentuckians recognized that Amnesty was a great opportunity for a fresh start,” said Governor Patton.

In a press conference held Friday in the state’s Capitol, Governor Patton also expressed thanks to the General Assembly for the passage of the legislation establishing the program and to Revenue Cabinet Secretary Dana Mayton and her staff for their commitment and hard work in ensuring the success of the Amnesty program. “To exceed the \$61.1 million collected during the 1988 Amnesty program is a real tribute to the outstanding work of the Revenue Cabinet,” Governor Patton said.

More than 16,800 individuals and businesses have participated in the Tax Amnesty program: 8,950 individuals and 7,891 businesses. More than \$69,868,000 or 87% has come from businesses and more than \$10,000,000 or 13% has come from individuals. More than 38,000 tax bills have been resolved.

“The majority of the dollars have been counted, however, a final total will not be available for several months due to the additional Amnesty applications that remain to be processed and any associated refund adjustments,” said Revenue Secretary Dana B. Mayton.

Payments have come from taxpayers in 49 states, the District of Columbia, and 6 foreign countries. Payments from taxpayers outside Kentucky total more than \$45,000,000 or 56% of receipts to date. “Most of the out-of-state payments have come from multi-state corporations doing business in Kentucky,” Mayton said. The largest single payment was more than \$6 million while the smallest was \$0.01.

Certain property taxes, eligible for Amnesty for the first time, have brought in more than \$6,705,000 of which approximately \$2,699,000 will be returned to local taxing jurisdictions including school districts. “Property taxes were a pleasant surprise and we are particularly pleased to be sending some badly needed funding back to the locals,” said Mayton.

Amnesty payments were received from all 120 Kentucky counties. Jefferson County led the way with more than \$12,333,000 from 3,152 participants. Fayette County was second with more than \$4,772,000 from 1,300 participants. At least \$1,500 was received from each of the 120 counties.

“The Revenue Cabinet is very pleased by the tremendous response to the Tax Amnesty program,” said Mayton. “It was a win-win-win situation. The taxpayer won, state government won and our citizens in need of vital services won,” said Mayton.

Sales tax leads in receipts with approximately \$25,725,000, followed by corporation license with more than \$16,677,000 and corporation income with more than \$15,189,000. Individual income tax receipts are \$8,087,000.

During the program, the Cabinet's Amnesty website received more than 132,000 hits while the Amnesty toll-free number received more than 26,500 calls. In citing reasons for the success of the Amnesty program, Secretary Mayton said, "The staff of the Revenue Cabinet committed themselves 110% to the Amnesty program and they deserve the credit for its success. Additionally, we had great cooperation and assistance from tax practitioners, attorneys and the media. We also had an excellent advertising and public relations campaign. We especially want to thank Paul Schultz Advertising and their sub-contractor ASPECTX both of Louisville for their outstanding work in getting the word out to the public."

Taxpayers participating in the Tax Amnesty program will receive notification from the Revenue Cabinet that their applications have been accepted. "We are asking Amnesty participants to be patient. The overwhelming response to the program means that it will take some time to notify participants that their Amnesty applications have been accepted. Taxpayers should begin receiving notifications in November," said Mayton.

Secretary Mayton pointed out that, "Increased penalties and new compliance programs are being implemented now that Amnesty is over. These new programs will help ensure that all taxpayers are paying their fair share."

TAX AMNESTY RECEIPTS EXCEED \$41 MILLION

(Frankfort, Oct. 1, 2002) - The Kentucky Revenue Cabinet announced today that preliminary receipts for the Tax Amnesty program, which ended yesterday, are \$41,489,591.

“The Cabinet is very pleased by the favorable response to the Tax Amnesty program,” said Revenue Secretary Dana B. Mayton. “Both individuals and businesses realized what an excellent opportunity tax amnesty presented,” said Mayton.

More than 12,800 individuals and businesses have participated in the Tax Amnesty program; 6,777 individuals and 6,055 businesses. More than \$36,623,000 (88%) has come from businesses and more than \$4,867,000 (12%) from individuals. Over 26,000 tax bills have been resolved.

Payments have come from taxpayers in 46 states, the District of Columbia and five foreign countries. Payments from taxpayers outside Kentucky total more than \$24,416,000 or 59% of receipts to date. “Most of the out-of-state payments have come from multi-state corporations doing business in Kentucky,” said Mayton.

“Tax amnesty not only helped delinquent taxpayers to get right with the government, it was good for compliant taxpayers, too,” said Mayton. “The program has added new taxpayers to the rolls creating a fairer distribution of the tax burden,” Mayton said.

Amnesty payments were received from all 120 Kentucky counties. Jefferson County led the way with more than \$7,379,000 from 2,363 participants.

The largest single payment was more than \$6 million while the smallest was \$0.03.

Sales tax leads in receipts with more than \$10,486,000, followed closely by corporation license with more than \$ 10,284,000 and corporation income with more than \$10,165,000. Individual income receipts are \$3,791,614.

The Cabinet’s Tax Amnesty website received more than 132,000 hits while the Amnesty toll-free number received 26,000 calls. Almost 4,000 were received yesterday, the final day of the program.

“The results we are announcing today are preliminary,” said Mayton. “Amnesty applications postmarked September 30th are still arriving and we will provide a more complete report on October 11, when we hold a press conference at 10:00 a.m. at the Capitol,” Mayton said.

Secretary Mayton pointed out that, “Tax Amnesty was a special grace period provided to allow delinquent taxpayers to pay up before new compliance tools are implemented. The General Assembly equipped Revenue with increased penalties and new compliance programs to begin after the conclusion of Amnesty,” said Mayton. “These new tools will help ensure that all taxpayers are paying their fair share,” said the Secretary.

REVENUE TO EXTEND OFFICE HOURS IN FINAL DAYS OF TAX AMNESTY CAMPAIGN

September 30 is Deadline

FRANKFORT, KY (September 24, 2002) – The Kentucky Revenue Cabinet is extending its office hours as the tax amnesty campaign deadline of midnight Monday, September 30, nears. The Cabinet’s Taxpayer Service Centers throughout the state will be open Saturday, September 28, from 9:00 a.m. to 3:00 p.m. local time. On Monday, September 30, the final day of the tax amnesty program, the service centers will remain open until 7:00 p.m. local time.

“We expect to be extremely busy this week,” said Revenue Secretary Dana Mayton. “The experience of other states and our own 1988 tax amnesty program demonstrates that there is always a last minute rush at the end of an amnesty program,” said Mayton.

Contrary to rumors, the Tax Amnesty period will not be extended beyond September 30. “Taxpayers are reporting to the Cabinet that they are being told that the Tax Amnesty period will be extended on a case by case basis. This is simply not true. All taxpayers will be treated alike and the Amnesty period will end for everybody at midnight, Monday, September 30,” Mayton said.

Taxpayers planning a visit to a service center are urged to bring all necessary records. “We stand ready to assist taxpayers during the last minute crush, but they must help themselves by bringing their tax documents such as W-2s and copies of federal returns,” said Secretary Mayton. “If taxpayers are not certain about which documents to bring, they should call ahead to the taxpayer service center or to our toll-free number,” Mayton said. “Our Tax Amnesty website, www.amnesty.ky.gov, contains the addresses and telephone numbers of our taxpayer service centers,” Secretary Mayton said.

Mailed Tax Amnesty applications must be postmarked no later than midnight, September 30. Taxpayers may pay any taxes due by check, MasterCard or VISA. Taxpayers who demonstrate a severe financial need are eligible for a payment plan.

“Tax Amnesty is a rare opportunity for those who live, work or do business in Kentucky to pay any back state taxes they owe without any penalties, fees, interest or prosecution and in complete confidentiality,” said Mayton. Virtually all taxpayers are eligible to participate in the program.

Secretary Mayton said the Amnesty program is expected to generate \$20 million in 2002. “We have already received more than \$13 million and since the vast majority of the money is paid during the final week, we are optimistic that we will meet or even exceed our goal. Both individuals and businesses realize that it’s a great decision to participate in Tax Amnesty.”

Kentucky Governor Patton Introduces Tax Amnesty Program

Program estimated to raise \$20 million for state services this year

FRANKFORT, KY (July 31, 2002) —Governor Paul Patton and officials from the Kentucky Revenue Cabinet today unveiled the 61-day Kentucky Tax Amnesty program that begins August 1 and ends Sept. 30. The press conference announcing the program was simulcast to six additional locations across the state including Ashland, Bowling Green, Hazard, Northern Kentucky, Owensboro and Paducah.

“Tax Amnesty is a rare opportunity for those who live, work, or do business in Kentucky to pay any back state taxes they owe without penalties, interest or prosecution. It’s time to get right with the government,” said Governor Patton.

Governor Patton and Revenue Cabinet Secretary Dana Mayton answered questions regarding the Kentucky Tax Amnesty program and highlighted the key elements of the program. The Tax Amnesty television commercial, theme song and “Tax Amnesty Man” personality were also introduced at the press conference.

Tax Amnesty includes all state taxes directly administered by the Kentucky Revenue Cabinet. Property taxes levied on real estate, motor vehicles and motor boats payable to local officials are not included. The program applies to back taxes incurred on or after Dec. 1, 1987 and prior to Dec. 1, 2001. Virtually all taxpayers are eligible to participate in the program.

“Tax Amnesty will generate much needed revenues for the state during these tough economic times,” Secretary Mayton said. “In addition to increasing funds for the Commonwealth, Amnesty gives taxpayers who owe back taxes an opportunity for a fresh start.”

Secretary Mayton said the two-month Amnesty program is expected to generate \$20 million in 2002 and another \$7 million in 2003. Approximately 90,000 taxpayers will receive pre-filled Amnesty applications. Taxpayers eligible for Amnesty, but who do not participate, will incur increased penalties and fees at the conclusion of the program.

This is only the second time in Kentucky history that the state has conducted a Tax Amnesty program. The first program conducted in 1988 waived penalties, fees, and one-half of the interest. The 2002 program not only waives all penalties and fees, but also all of the interest. This Amnesty Program (House Bill 614) was enacted during the 2002 session of the General Assembly and was signed into law by the governor earlier this year. The 1988 program generated more than \$61 million, exceeding expectations.

For more information, visit www.amnesty.ky.gov or call the Amnesty toll-free number 1-877-ONLY-TAX (1-877-665-9829). Amnesty applications are available at the offices of County Property Valuation Administrators and at Kentucky Revenue Cabinet Taxpayer Service Centers throughout the state.

FRANKFORT, Ky. — Less than a week into Kentucky's tax amnesty window, the results are already showing up in dollars and cents.

Through midday, 32 taxpayers have paid \$124,018.77 for amnesty settlements, according to Revenue Cabinet spokesman Alex Rose.

"We think that's impressive," he said.

The nearly 90,000 applications for amnesty that the cabinet mailed to taxpayers already involved in disputes were not arriving in mailboxes until this week. And Rose said they are expected to provide a good return.

Most of the settlements are from businesses, but a few individuals have also made payments, Rose said.

The amnesty program began Aug. 1 and will run until Sept. 30.

Revenue officials estimate they will reap \$20 million this fiscal year. Another \$7 million next year is expected to come from taxpayers who step forward and wind up on the regular tax rolls.

Rose said the cabinet has received nearly 1,000 inquiries about amnesty.

Virtually all state taxes are eligible for amnesty, which also allows payments to settle claims without penalty, interest or risk of prosecution.

Property taxes on real estate, motor vehicles and other levies that are payable to local officials are not eligible for amnesty.

Taxes incurred from Dec. 1, 1987 to Nov. 30, 2001 are eligible for the amnesty. People who owe back taxes who are tracked down after the amnesty will face larger penalties and fees.

The program is being widely publicized through appearances, and public service advertising.

The only other tax amnesty program conducted by the state was in 1988 and took in \$61 million, far exceeding expectations.

Applications for amnesty are available through the cabinet, its Web site and county property valuation administrator offices.

EXCLUSIVE REPORTS

State Tax Amnesty program brings in bucks

Businesses, individuals have until Sept. 30 to file applications

Robyn L. Davis

Business First Staff Writer

Kentucky Tax Amnesty has raked in \$290,197.47 from Jefferson County residents as of Aug. 27 and slightly more than \$3 million statewide.

That's more than officials expected for nearly halfway through the program, and it bodes well for how much will be in state coffers at the end, they said. The Aug. 27 figures were the latest available.

"What's interesting about this is that in the 1988 campaign, we had collected less than \$400,000 at this point," said Alex Rose, general counsel for the Kentucky Revenue Cabinet. The 1988 campaign was the state's first and collected \$61.1 million.

Revenue Cabinet Secretary Dana Mayton said when the program began this year she expected it would bring in \$20 million in revenue.

Tax Amnesty at a glance

The Tax Amnesty program allows Kentucky residents and business owners to pay back taxes without the normal interest and penalties. The program began Aug. 1 and ends Sept. 30.

Statewide, 2,523 applications for tax amnesty have been received by the Revenue Cabinet, and 556 of those are from Jefferson County.

At the beginning of the Tax Amnesty program, 16,641 applications, already filled out, were sent to businesses and individuals in Jefferson County. Those participating could simply sign the form and send it back with a check, Rose said.

If all of those in Jefferson County who received the form paid during the tax amnesty period, the value would be \$77,305,462, Rose said.

If those same people choose to pay after the deadline, the total amount owed will be \$143,401,891, an increase because the payers would owe the penalties and interest that are not included in their tax bill during Tax Amnesty.

"It's almost double," Rose said. "It's really surprising."

Residents of counties neighboring Jefferson also are paying up. In Bullitt County, 835 applications were mailed out, and 41 have been returned, bringing in \$22,161.66 by Aug. 27, Rose said.

In Oldham County, 762 applications were sent to those owing taxes, and 26 have been returned, bringing in \$8,208.17, Rose said.

In Shelby County, 561 applications were sent out, and 29 have been returned so far, bringing in a total of \$2,111.56, Rose said.

Checks and credit cards are accepted. Most are paying by check, Rose said.

The interest and penalties on the unpaid taxes will again apply after Sept. 30.

Business participation

Businesses likely will be one of the largest contributors to the program. Rose explained that while fewer businesses than individuals participate in tax amnesty, the businesses owe more.

That results in about 70 percent of the money coming from businesses and 30 percent from individuals. In contrast, Rose added, about 30 percent of the payers are businesses.

The state isn't keeping track of business tax payments separately from individuals on a daily basis, Rose said, but it will tabulate the number of businesses who paid and how much they paid at the end of the program. A variety of detailed statistics will be made available to the public at that time.

As in 1988, Rose said, he expects about 80 percent of the money to come during the final week.

"Every indicator we have is positive," Rose said.

Unpaid state taxes pour in

By Courtney Kinney

Post Staff Reporter

FRANKFORT — Delinquent taxpayers have ponied up more than \$3 million in back taxes in the first three weeks of Kentucky's tax amnesty program, far exceeding officials' expectations.

"In an amnesty program, most of the money comes in in the last week, so to receive \$3 million in the first three weeks is extremely encouraging for the Revenue Cabinet," said Alex Rose, spokesman for the cabinet.

The agency is sponsoring an initiative that lets businesses and individuals taxpayers settle their outstanding bills without facing penalties and interest charges.

The amnesty period started Aug. 1, runs through Sept. 30, and applies to almost all state taxes, except property and other taxes that are collected locally.

This is only the second time Kentucky has held an amnesty program.

The last one, in 1988, had only brought in about \$500,000 at the same point.

Rose said this year's program, which applies to taxes due between Dec. 1, 1987 and Dec. 1, 2001, is probably more successful because it waives all penalties and interests, instead of just half, as the previous program did.

"I think Kentucky taxpayers are recognizing that this is a real opportunity," he said.

The state has also been more aggressive in getting the word out about the amnesty period, Rose said, spending almost \$1 million on television, print and radio ads.

"An amnesty program is only as good as its advertising campaign," he said. "We feel every dollar we spend on advertising is going to be returned to us many, many times over."

To date, the cabinet has had more than 50,000 hits on the amnesty program Web site, and received about 9,000 phone calls on the program's toll-free line.

"We're real encouraged by the interest," Rose said.

Revenue officials estimate the program will net about \$20 million for the state this year.

And because tax bills not settled during the amnesty period will see a penalty increase from 20 to 25 percent and an increased collection fee, the state expects to get another \$7 million next year.

The Revenue Cabinet estimates about \$200 million is currently owed in back taxes. Regular collection activities bring in about \$100 million a year.

The early success of the program indicates it might generate more money than anticipated.

The program was suggested by Gov. Paul Patton and approved by the state legislature this year as a way to bring in revenue in tight budget times. Kentucky has seen consistently decreasing revenues over the past two fiscal years.

The cabinet sent out 90,000 pre-filled out forms to people who owe back taxes. As of Thursday, 2,500 had been returned, compared to fewer than a 1,000 at the same point in the 1988 program. Returns in the amnesty program must be postmarked by Sept. 30.

Tax Amnesty is an opportunity for taxpayers to pay back taxes without interest, penalties or fees. Eligibility is limited to taxable periods ending after December 1, 1987, but prior to December 1, 2001. Tax Amnesty applications must be submitted to the Kentucky Revenue Cabinet between August 1, 2002, and September 30, 2002.

You must file and pay in full all eligible **and** noneligible tax periods. Tax periods with outstanding protests or that have not yet become due and payable are the only tax periods not required to be submitted. Corporate officers must include all assessed corporate liability and applicable individual liability with their applications.

★ Who is eligible for Tax Amnesty?

- Taxpayers who are amending the tax liability on a previously filed tax return for Tax Amnesty eligible periods.
- Taxpayers who have an outstanding tax liability for Tax Amnesty eligible periods.

- Property taxes on motor vehicles and motorboats, collected by the county clerks.
- Property taxes on tangible and intangible personal property, payable to a local official.

★ What if I want to claim Tax Amnesty on an assessment that is currently under protest?

If you have a protest pending against any assessment, you may still take advantage of Tax Amnesty by paying the entire tax liability or a portion of the assessment. Be advised that any remaining liability still under protest after September 30, 2002, will be subject to all revised interest, penalties or fees after all appeals have been exhausted and that the portion paid under Tax Amnesty is nonrefundable.

★ What if I am an unregistered business?

To be considered for Tax Amnesty, unregistered businesses must complete a Tax Amnesty application, a Kentucky Tax Registration Application (Form 10A100), and must file/pay all appropriate tax return periods. You may obtain a Kentucky Tax Registration Application from any Kentucky taxpayer service center or you may download the application at www.revenue.state.ky.us, call 1-877-ONLY-TAX (1-877-665-9829), or e-mail a request to krcwebresponsekyamnesty@mail.state.ky.us.

★ What if I have tangible or intangible property to report?

Taxpayers who have state assessed property to report must complete a Tax Amnesty application and attach the appropriate return(s) during the Tax Amnesty period. Residents must file on intangible property owned as of January 1 of each year. A schedule for computing intangible tax may be obtained on our Web site (<http://www.amnesty.ky.gov>), by calling 1-877-ONLY-TAX (1-877-665-9829), or by e-mailing your request to krcwebresponsekyamnesty@mail.state.ky.us. Compute the tax and submit payment with the Tax Amnesty application.

The Kentucky Revenue Cabinet will issue a Notice of Tax Due for any tangible tax liability. Payment is due within 30 days of receipt of this notice.
