## **EXPLANATION OF RATE TABLES**

**This publication reports the 2006 ad valorem property tax rates of the state and local governmental units in Kentucky, including county, city, school and special district levies.**

**Kentucky has a broadly-based classified property tax system. As shown in the tables on the following pages, all classes of property, unless exempted by the Constitution, are taxed by the state, although at widely varying rates. Many of these classes, on the other hand, are exempted from taxation by local government. Of the classes that are subject to local taxation, three have special rates set by the General Assembly, one by the Kentucky Supreme Court, and the remaining classes are subject to the full local rate, which includes the tax rate set by the local taxing bodies plus all voted levies.**

**Table I is the state property tax rate.**

**Table II provides the average tax rates for Kentucky for 2006.  
The averages are shown for informational purposes only.**

**Table III provides the basic rate table, showing on a county basis all available local rates.**

**CLASSIFIED PROPERTY TAX RATE STRUCTURE  
AS OF JANUARY 1, 2006**

**The following tables provide a breakdown of the major classes of property subject to ad valorem taxation in the state of Kentucky. The tax rates are expressed in cents per \$100 dollars of assessed value.**
