

THE DIFFERENCE BETWEEN A KENTUCKY" COURSE AND AN "IAAO" COURSE

Kentucky courses are developed and taught by Department personnel and PVAs. Each fifteen-hour course covers a specific body of knowledge about Kentucky property taxation procedures.

IAAO courses are developed by the International Association of Assessing Officers. This is a non-profit organization dedicated to improving the understanding of important property tax issues worldwide. IAAO classes are typically thirty hours in length.

IAAO also offers workshops, typically fifteen ours in length. The Education Program will sponsor any workshop for which sufficient demand exists.

A curriculum combining Kentucky and IAAO courses has been established for both the CKA and SKA designations.

EDUCATIONAL OPPORTUNITIES FOR PROPERTY TAX PERSONNEL

In 1988, the Kentucky General Assembly directed the Revenue Cabinet (now the Department of Revenue) to develop and administer an education program for PVAs, deputy PVAs, and Department employees. The resulting program, developed with the assistance of the PVA Association, offers training in the technical, legal and administrative aspects of property tax administration.

The Cabinet was also directed, in cooperation with the PVAs, to develop and administer a certification program. Two professional designations are available for those who successfully complete a combination of courses offered through the Office of Property Valuation's education program.

The first designation is the "Certified Kentucky Assessor" or CKA designation. Minimum requirements include 120 hours of classroom instruction offered by the Office of Property Valuation, passage of subject matter examinations and three years of experience in Kentucky property tax administration as a PVA, Deputy PVA or Office of Property Valuation employee.

The second designation is known as the "Senior Kentucky Assessor" or SKA designation. Minimum requirements include a CKA designation plus 90 additional hours of education offered by the Office of Property Valuation and two additional years of experience in Kentucky property tax as a PVA, Deputy PVA or Office of Property Valuation employee.

HOW CAN I TAKE PART IN THE EDUCATION AND CERTIFICATION PROGRAM?

Each year the Office of Property Valuation sends an education schedule and registration forms via e-mail to each PVA office. Registration forms and the schedule are also available on the PVA Network website. To register for a class, simply return the registration form and the registration fee to:

Office of Property Valuation
Education Program
P. O. Box 1202
Frankfort, KY 40602-1202

Confirmation of registration is sent to all students before class via e-mail.

Once the education and experience requirements have been met, applicants should complete an application form, available from the Office of Property Valuation or on the PVA Network website. Upon verification of the application, designees will receive notification informing them of their status. Certificates will be awarded at the PVA Summer Conference and at the Annual Conference on Assessment Administration.

Since the program began, over 800 CKA designations have been awarded and over 600 SKA designations.
