Complete a separate form for each operation under your control. The area to be considered and valued is that containing the mineral reserves which are expected to be mined within the next fifteen (15) years. This period is NOT the same thing as either the current lease or permit expiration date. Include all owned and/or leased properties within this area.

1. Minerals mined at this location _____

2. Type of mining (underground, quarry, dredge, etc) _____

3. Principal products from this operation _____

4. Production in the last three years:	Year	Tons
	2025	_____
	2024	_____
	2023	_____

5. Property owned

MAP ID	ACRES	PRIOR YEAR PRODUCTION (2025)
RESERVES (TONS)*		ESTIMATED TAXPAYER'S VALUE
BEGIN MINING (YEAR)		END MINING (YEAR)

*As defined above.

6. Property leased

Provide the information requested below for each mineral lease. If more than one owner, attach a separate list with the name, current address and percentage of ownership of each owner in the lease.

MAP ID	ACRES	PRIOR YEAR PRODUCTION (2025)
OWNER		PERCENT OWNERSHIP
ADDRESS		
LEASE DATE		EXPIRATION DATE
ROYALTY RATE (\$/TON)		ANNUAL MINIMUM
BEGIN MINING (YEAR)		END MINING (YEAR)
RESERVES (TONS)*		ESTIMATED TAXPAYER'S VALUE

**IF THE ROYALTY RATE IS SUBMITTED AS A % OF THE SALES PRICE,
BOTH THE PERCENTAGE & SALES PRICE MUST BE LISTED!**

7. **Provide a USGS topographic or plannimetric map(s) at a scale of 1:24000 (1"= 2000')** outlining the following information:
- Boundary lines of properties owned and properties leased under your control. Identify each ownership.
 - The area already mined.
 - The boundary of the permitted area.

The map must have a legend/title block which in addition to the filer's name, quad and county name, and tax year, clearly explains the symbols and colors used in outlining the requested information. Base maps may be purchased from the Kentucky Geological Survey, Mining and Mineral Resources Building, 310 Columbia Ave, Lexington, KY, 40508. Phone: (859) 257-5500

8. Supply any additional information (specific or general) which would aid in the valuation or impact the value of these resources. Attach additional sheets if necessary.

VERIFICATION

Under penalties of perjury, I do solemnly swear or affirm that I have examined this report, including accompanying schedules, statements and maps, and to the best of my knowledge, information and belief, it is a true, correct and complete return. I acknowledge under these same conditions that any and all documentation supporting and/or requesting an assessment adjustment is incorporated by reference into this return and made a part hereof.

To Whom It May Concern:

Enclosed is the 2026 Limestone and Sand & Gravel Property Tax Return Revenue form 62A384-L for your use in reporting the status of these mineral properties as of January 1, 2026.

The tax forms can also be obtained in a pdf format at the website listed below. They are listed under the Unmined Minerals Forms section: <http://revenue.ky.gov/GetHelp/Pages/Forms.aspx>.

Please note that the return is due by April 15, 2026 and that you must report on all mineral reserves with a life of fifteen (15) years or less under your control by ownership or lease. Under Item 6, we need your most current names and addresses of owners in leases associated with a mining operation.

The form may be duplicated to satisfy your reporting needs. Operations which extend across county lines must be reported separately for the reserves within each county. If the map information requested in Item 7 did not change since your prior filing, you do not need to supply any maps with this return.

However, a complete return must be filed each year.

All information received by the Department of Revenue under this filing will be kept confidential and protected under KRS 131.190.

If you have any questions regarding this request, please contact the Office of Property Valuation at the following address.
