## Section 1: INTRODUCTION

The Kentucky Department of Revenue (KDOR) in conjunction with the Internal Revenue Service (IRS) accepts state business income tax returns and corresponding forms and schedules by method of the Modernized E-File system (MeF). The transmission method is a Web Service using Simple Object Access Protocol (SOAP) with attachments messaging. The return data should be formatted using Extensible Markup Language (XML). Authorized E-File providers, also known as Electronic Return Originators (ERO's) can submit returns to the IRS MeF system for federal and state return processing. State returns can be submitted as a federal return with a state return attached, called a "linked" return, or as a state return, known as an "unlinked" submission. Each return (linked or unlinked) must be in a separate submission. A copy of the federal return is required for all Kentucky state returns submitted. Multiple submissions may be contained in a single message payload. Software developers must test with the Kentucky Department of Revenue and receive approval prior to submitting live returns.

The material in this publication will provide software developers the necessary information for capturing and formatting Kentucky income tax data and the associated federal information required as part of a Kentucky return. The information included in these specifications does not provide all the various tax instructions and tax law detail necessary in the preparation of the Kentucky corporate return. Please refer to the Department's website at [www.revenue.ky.gov](http://www.revenue.ky.gov) for additional forms, schedules and instructions.

This publication does not represent the requirements and procedures issued by the IRS. All IRS requirements must be adhered to in developing the Kentucky return and participating in the fed/state e-file program. See IRS Publications 4163, Modernized e-file Guide for Software Developers and Transmitters.

Kentucky will support the Form 720, Form 720-S, Form 765, Form 765GP, and **Form 725** in MeF for tax year 2015. The current schema version will be posted on our Software Developer's Information / Modernized Electronic Filing webpage at <http://www.revenue.ky.gov/sdi/mef.htm>.

## **Section 2: OVERVIEW OF 2015TY / 2016PY CHANGES**

### **NEW FORMS & SCHEDULES**

The Form 765-GP and Form 41A720SL (extension for 720, 720S, and 765) are new for TY2015. The Form 40A102 for the Form 725 or Form 765-GP will not be added for tax year 2015. The Form 725 will not be added for tax year 2015.

### **TESTING**

Software developer testing for tax year 2015 will begin TBD.

## Section 3: CONTACT INFORMATION

The e-file help desk is for use by the software development and tax preparation communities regarding Kentucky e-file technical specifications/issues, schemas, and testing.

The help desk operating hours are Monday through Friday, 7:00 a.m. through 3:30 p.m. (EST). The help desk will observe all state holidays.

## **Section 4: ACCEPTANCE & PARTICIPATION**

Kentucky will accept returns electronically from any IRS approved software provider upon completion of testing with the Kentucky Department of Revenue.

A Statement of Intent is required prior to participation in ATS testing. A copy of the Statement of Intent is located on the MeF web page: <http://revenue.ky.gov/sdi/mef.htm>

Each year vendors are required to update the following information before they begin testing with the Kentucky Department of Revenue:

- SoftwareID
- Primary contact name
- Primary e-mail addresses
- Primary telephone number
- Software Company Name / Market Name
- Mailing Address
- Company web address

The 'SoftwareID' data element is required in the schema. The SoftwareID must be all upper case within the XML. Please contact **Audrey Terry or Richard Hill** should you require a software ID.

## **Section 5: DEVELOPER'S RESPONSIBILITIES**

Developed software must meet the following requirements:

1. Adhere to all federal and state procedures, requirements and specifications. These requirements are specified in IRS Publication 4163, *Modernized e-File Guide for Software Developers and Transmitters*.
2. Successfully complete all testing.
3. Be developed in accordance with statutory requirements and Kentucky Department of Revenue return preparation instructions.
4. Provide accurate Kentucky tax returns in correct electronic format.
5. Provide data validation, verification, and error detection to prevent transmission of incomplete, inaccurate, or invalid return information.
6. Software provider must be available to correct any software errors, which may occur after production begins, and work with the Kentucky Department of Revenue to follow up on any processing issues that may arise during filing season. If software providers need to re-release corrected software, it should be done in a timely manner and proper notification should be made to all customers.

## **Section 6: SOFTWARE ACCEPTANCE, TESTING & APPROVAL**

1. Software developers that meet the current testing requirements set forth by the IRS are invited to test for Kentucky Department of Revenue acceptance. No formal application is necessary, although, a secondary check against our records will be performed prior to acceptance. The Kentucky test package will be available after the federal package is released to software developers. All transmissions must contain the 'SoftwareID'. This identification must be verified before the first test file is transmitted. A contact name and e-mail address must also be provided for test result notification. **After your software is accepted, an acceptance letter will be issued which must be provided to all software users with the final version of the software.**
2. The Kentucky Department of Revenue will accept test returns for tax year 2015 beginning TBD. The Kentucky MeF testing system is subject to IRS availability and dates are subject to change. Please e-mail **Audrey Terry and Richard Hill** when sending test returns and include your Software ID and the Submission ID's associated with the test returns being submitted.
3. The test package will consist of PDF copies of state test returns and may also include scenarios for special test conditions.
4. Software developers are encouraged to support all schedules, forms and occurrences. It is important that customers are provided with the complete range of services. Please submit linked and unlinked returns within your test package.
5. If your software does not support all forms and schedules or occurrences, please inform the Kentucky Department of Revenue before the first transmission so we can take the restrictions into consideration when reviewing your test submission.
6. Acknowledgements will be provided for all test returns. The return will be either accepted or rejected. An 'Accepted' acknowledgement does not mean your software is approved for release, it merely means that the system acknowledges having accepted the return for processing.
7. The Kentucky Department of Revenue will provide test results in a timely manner, usually within 48 hours of receipt of the submission. A software provider who successfully completes testing will receive an approval letter via an e-mail to the contacts provided.
8. The range of EINs available for ATS testing will be **00-0150100** through **00-0150999**.

## **Section 7: ACKNOWLEDGEMENT SYSTEM**

The Kentucky Department of Revenue will generate an acknowledgement of acceptance or rejection for all returns received. The acknowledgement record will be in a format approved and agreed upon by the IRS, state agencies, transmitters and software developers.

Transmitters and software developers should allow 2 working days to receive the state acknowledgement before contacting the department to determine why an acknowledgement has not been received.

To check on the status of a Kentucky acknowledgement, contact **Audrey Terry, Richard Hill** or the Electronic Filing Helpdesk by phone or e-mail. Please be prepared to provide the following information in order to track the status of the submission:

- Transmission Date
- Submission ID

## Section 8: GENERAL INFORMATION

To see what forms are included in each series within the schema, please refer to the individual **ReturnDataKY720.xsd**, **ReturnDataKY720S.xsd**, **ReturnDataKY765.xsd**, **ReturnDataKY765GP.xsd**, **ReturnDataKY725.xsd**, or **ReturnDataKY720SL.xsd**.

At this time, all schedules for filing a Kentucky corporate income tax return have been included in the schemas.

All Kentucky withholding claimed should be supported by an income tax statement. The following income statements are available as schemas: Form PTE-WH, 720S K1, 765-Sch K1, and 765GP-Sch K1.

Many of the tax credits that can be claimed on corporate income tax returns require a taxpayer to receive approval before the credit can be claimed. If approval is required, it should be completed/received prior to claiming the credit on the income tax return. To determine if a tax credit requires pre-approval, please refer to the instructions for the applicable tax return. Return processing could possibly be delayed for credit verification of tax credits if they are listed on the Schedule TCS. The Schedule TCS also asks for the Project Number (Element Name <EconDevNumber>) which is set for 15 alpha/numeric characters. Precede the filer's project number with zeros if the number provided is not the full 15 character length.

### The Kentucky Department of Revenue will accept the following return types:

- **Linked (Fed/State):** An original federal return submitted with one original state return.
- **Unlinked (State Only):** A copy of the federal return is still required with an unlinked return submission.

### Required Data Elements

- There are certain elements in the Form 720, Form 720S, Form 765, Form 765GP, and **Form 725** schema that are listed as optional, however they should **ALWAYS** be completed and transmitted.
- Kentucky is now accepting electronic filing of the Form 41A720SL, Application for Extension of Time to File Corporate Income Tax Returns. **If the taxpayer wishes to file an extension for the **Form 725 or 765GP** note that this is filed on the **INDIVIDUAL Form 40A102** and not the 41A720SL.** The Form 40A102 has **NOT** been included in the BMF schema.
  - **No binary attachments will be accepted with the Form 41A720SL.**

### Decimal places and percentages

- Please refer to individual schemas for specifics.

### Numeric Fields

- Amount fields should be set as whole dollar. Kentucky numeric fields accommodate up to 15 total digits.

## Attachments

We will accept PDF documents as binary attachments, limited to those documents that are not included in our schema.

- If an XML schema is present and your software does not support that form and there are reject codes in place (see listing [TY2015 Reject Codes for Business Income Tax](#)) and these forms are not listed in the table below then it will cause the return to fail and you will need to submit a paper return or chose to support that form.
- Currently Kentucky is asking that the following forms be submitted via PDF within each submission regardless if an XML schema is present for the form:

Form Number	Form Name	Recommended PDF File Name	Description to be Used in Binary Attachment.xsd
720S-DK	Form 720S Schedule D-K	720SDK	720S Schedule D-K
765-DK	Form 765 Schedule D-K	765DK	765 Schedule D-K
41A720-S86	Notice of Endow Kentucky Tax Credit and Certification	ScheduleEndow	Schedule Endow
41A720-S85	Application for Preliminary Authorization of the Endow Kentucky Tax Credit	EndowApplication	Endow Application
41A720-S80	Application for Certification of Qualified Equity Investments Eligible for Kentucky New Markets Development Program Tax Credit	Form8874K	Form 8874(K)
41A720-S81	Notice of Kentucky New Markets Development Program Tax Credit and Certification KRS 141.433	Form8874KA	Form 8874(K)-A
41A720-S82	Notice of Kentucky New Markets Development Program Tax Credit Recapture KRS 141.433	Form8874KB	Form 8874(K)-B

## Rejected Returns

See the complete list of reject codes listed on the software developer's page listed on our website. <http://revenue.ky.gov/sdi/mef.htm>

Sample:

ErrorCategory	ErrorMessage
XML Validation	<Actual XML Error Message>
Duplicate Return	Original Return already received for this tax year by FEIN.

## Common Errors

- **Invalid KY Corporate/LLET Account Number:** Any Kentucky form or schedule that requires a KY Corporate/LLET Account Number must be populated with the matching number associated with the FEIN and corporation name or PTE. If a submission is rejected for an incorrect account number it is very likely that it could trigger subsequent reject codes.
  - **To avoid rejection for invalid KY Corporate/LLET Account Number we encourage taxpayers/preparers to contact Taxpayer Registration at 502-564-3306 to verify and/or obtain account numbers prior to efilng.**
- **Prior Year Credit:** Common reasons filers may receive this error. The credits cannot be taken in one tax type in the previous year and then applied to the other tax type the following year. Example: If a filer has a LLET credit of \$175 in the prior year they cannot apply the \$175 against the corporate income liability the following year.
  - If a filer receives an error for an invalid KY Corporate/LLET Account Number, subsequent errors related to the comparison of data will occur even if the data is accurate. Once an accurate account number(s) is obtained the error should correct itself as long as it matches Kentucky Department of Revenue's records.
- **Short Period Returns:** Both returns must have a valid KY Corporate/LLET Account Number/FEIN and name match. The system looks at the latest filed production date for the credit.
  - **If you are unable to resolve your issue with the Prior Year Credit and/or the Short Period Return errors you may call 502-564-8139 for further assistance.**

## Exclusions from Electronic Filing

- Pass-through Entity credits **only with tax liabilities and estimated payments:**
  - ◆ Sch FON-SP      ◆ Sch KEOZ-SP      ◆ Sch KIRA-SP      ◆ Sch KREDA-SP
  - ◆ Sch IEIA-SP      ◆ Sch KESA-SP      ◆ Sch KJDA-SP      ◆ Sch KRA-SP
  - ◆ Sch KBI-SP      ◆ Sch KIDA-SP      ◆ Sch KJRA-SP
- Consolidated returns:
  - ◆ 851-K      ◆ Sch KCR      ◆ Sch CR      ◆ Sch A-N
- **Return with more than 5 Economic Development Tax Credits in Part I of Schedule TCS.**

## Federal Forms & Schedules Required

- Kentucky requires a complete copy of the XML federal return and wage and income statements to be sent along with the Kentucky XML return whether sent as a “linked” or “unlinked” submission.

### Amended & Prior Year Returns

- Amended and prior-year returns will not be accepted in MeF at this time.

### Perfection Period

- Kentucky follows the IRS 10 day perfection period on rejected corporate income tax returns.

### Direct Deposit and Direct Payment

- Kentucky accepts only direct payment (ACH debit) requests on Forms 720, 720S, 765, and 725 MeF returns. The Financial Transaction is restricted to allow only one state payment. Currently we are unable to accept future dated debit transactions. The debit transaction will post at the time the return is accepted. **At this time, Kentucky is not able to process International ACH Transactions. Therefore, the checkbox for “NotIATIndicator” should be checked on all Financial Transactions.**
  - **Direct Deposits are not accepted for tax year 2015.**

### Signature Process

- PIN Signature process used for the federal return is accepted for the Kentucky signature requirement.
- Form 8879(C)-K is the required signature / attachments document.
- No signature document should be mailed to Kentucky unless requested.
  - **A rejected payment will not necessarily result in a rejected return.**

### Electronic Filing Program Publications and Forms

<u>IRS Form</u>	<u>Name</u>	<u>State Equivalent</u>
Pub 4163	Modernized e-File Guide for Software Developers & Transmitters	KY-Pub 4163
Pub 5078	Corporate Income Test Package	Testing information can be found on the KYDOR website
Form 1040-ES/ 1120W	Payment Voucher	Form KY-720-V

- ERO's and transmitters must be approved with the IRS in order to transmit MeF returns.
- The Kentucky Department of Revenue will produce an acknowledgement of acceptance or rejection for each state submission. The transmitter may then retrieve Kentucky's acknowledgement from the IRS.
- The Kentucky Department of Revenue requests that vendors not submit form tags for any schedules, worksheets or forms that are not used in the return.
- The Return Type (element Return Type) and State Submission Type (element StateSubmissionType) for Form 720 should be KYForm720, Form 720S should be KYForm720S, Form 720-SL should be KYForm720SL, Form 765 should be KYForm765, Form 765GP should be KYForm765GP, ~~and Form 725 should be KYForm725~~. **An incorrect Return Type or State Submission Type will cause a schema validation failure and the submission will be rejected.**

## Section 10: Kentucky Form Edits

This Section contains field information rules that should be followed by all developers on the primary Kentucky return and supporting schedules when electronic return data is processed. This should be used as a guide to assist tax software developers.

### **Forms series 720, 720S, 765, 765GP, and 725**

Software packages may or may not support all forms available for Kentucky electronic filing. Any electronic tax returns submitted without all required forms will be rejected. See the following website for a list of rejection codes: <http://revenue.ky.gov/sdi/mef.htm>

### **Financial Transaction Record**

The financial transaction record has been altered to allow only one direct debit payment account. Amount fields should be sent as whole dollar amounts for Kentucky purposes. All Routing Transit Numbers (RTNs) must begin with "01" through "12" or "21" through "32" and are a maximum of nine (9) digits. All Depositor Account Numbers (DANs) are a maximum of seventeen (17) digits.

**No partial payments are accepted when filing the return.** If a state payment is requested, the state payment amount (element name PaymentAmount) must equal the Total Payment amount (element name TotalPymtLLETCorpInc) reported on the Tax Summary section. Both these payment amounts must be **whole dollar amounts** for Kentucky purposes. If the payment amount does not equal the Total Payment amount, the ACH debit will be rejected but that does not mean the return would be rejected. If the state payment is rejected, the taxpayer will need to remit payment by submitting Form 720-V by the appropriate due date to avoid a late payment penalty.
